

GROWING THE FUTURE

OUR ILLUSTRIOUS FOUNDER & OUR FOUNDING VISION

At Kitex, enriching people through caring is inherent in our business model. Since the inception of the company our founder M.C Jacob had implemented the concept 'caring' as its basic motto and today we believe that caring is the very winning formula of our company. Over the years we have realised that when our actions are filled with caring, the business, employee & community relations are strengthened.

Our founder Late Mr. Meckamkunel Chacko Jacob (M.C.Jacob) was moved by the plight of the farmers who worked in his father's fields. That's when he decided to set up an aluminium-based unit in 1968 with an employee strength of eight. This was the first baby step to put Kizhakkambalam, then a remote village in Kerala into a hub of industrial activities.

The Anna-Kitex group of companies which he founded, since then took wings and grew multifold. By the time he departed from this world in 2011, the group had become a diversified business conglomerate having interests in Aluminium, Spices, Textiles and Apparels. The group provided scores of people livelihood by giving employment as well as through its regular social interventions.

CHAIRMAN'S STATEMENT

Dear Shareholders

Welcome to our Annual Report for FY19 which comes with the theme "Growing the future" which is a concise of our strategic intent to secure our future.

Growing the Future

We have been Growing the Future. From a revenue of ₹ 202 Crore in 2009 we have grown to ₹ 607 Cr in FY19 over a period of 10 years. During the same ten years period our profit before tax grew from 8% in FY09 to 21% in FY19. Over the period we also progress in terms of our technological, operational, human resources, products and social capabilities. Today we are the 2nd largest infant apparel manufacturer in the world.

We are a supplier of choice to world's leading apparel brands and retail chains. During our year on year progression we had faced multiple external and internal challenges. We have been able to surmount most of them with our avid focus on our vision to be the No.1 infant garment manufacturer in the world and the resultant management actions to achieve our goals.

Various timebound expansion plans under our vision 2025 is ongoing and I am confident of achieving these milestones with the support from our team, customers, suppliers and other stakeholders.

Strategic Environment

When it comes to the current global scenario with respect to infant apparel manufacturing, its mostly advantage India. We are a stable and growing economy with a strong democratic system. Compared to many emerging economies, our political, social and economic factors are stable. We are quick in adopting global best practices and technology scaleup. Across the globe especially with the developed world we have a warm and cordial relations to strengthen our trade relations.

During my FY18 address to the shareholders I had briefly touched upon the consequences of US trade barrier on China and its impact on India. The US- China trade war continue to escalate. In a recent study, the Commerce Ministry has identified 203 products, including apparels where exports could be increased to the US. We continue to monitor these developments with respect to our risks and opportunities.

Our Performance in FY19

Our performance for FY 2018-19 has been a year of remarkable growth. Your Company continued to build a strong product lines for the future and we stay invested in bringing operational efficiencies to improve the quality of products. On consolidated basis, total revenue for the financial year under review was ₹ 62,928 lakhs as against ₹ 55,992 lakhs for the previous financial year, i.e a year on year growth of 12.39%. Profit before tax was ₹ 13,019 lakhs and net profit after tax was ₹ 8,145 lakhs for the financial year under review as against ₹ 10,748.92 lakhs and ₹ 7,002.23 lakhs for the previous year.

Going forward we would keep you updated on a regular basis on all the material developments in your Company through our periodical Statutory and Investor Relation Communications.

I take this opportunity to thank our team, customers, suppliers, banks and investors for the continued support and guidance.

KITEX VALUE CHAIN

Having an integrated and traceable value chain which meets various global standards at various stages of the product supply chain is the key global differentiator at Kitex. The value chain at Kitex primarily consists of an external and internal value chain. We purchase yarns, dyestuffs and chemicals from approved sources and are tested as per Oekotex Standard 100 Class-I and GOTS Organic standards. The dye recipes, dye dispensing and yarn dyeing are done using robotic technology for accuracy and quality. Kitex uses the most advanced knitting machinery including fully robotised yarn dyeing machine to convert yarn into greige fabric which is bleached using advanced German machinery and further dyed using colour pad technology. Dyed fabrics are washed and printed on modern rotary printing machines. The fabrics thus produced confirms to all product safety standards and meet strict international quality norms (CPSIA). Fabrics are further cut by using automated spreading and cutting machines. Advanced embroidery machines, cutting-edge- IT enabled sewing procedure takes the process to the final product stage which confirms to Oekotex Standard 100 Class1, GOTS and CPSIA. We have special software in production which monitors hourly individual operator efficiency.

Cotton is harvested from farms

Raw Cotton undergoes Ginning and is cleaned and converted to Bales for dispatch to Spinning Mills

Fibres are spun to make Yarns in Spinning Mills

Yarn, Dyestuffs and Chemicals are purchased by Kitex and tested at its laboratory. All ingredients must meet Oekotex Standard 100 Class-I standards and GOTS Organic standards

At Kitex product stewardship is managed through four core elements

1

Raw Material and inputs sourcing from reliable and certified sources as per prescribed standards

2

The entire product supply chain is managed and maintained as per our customers product traceability programmes

3

To deliver the most innovative products and services to our customers

4

Quality Assurance and all stages of the supply chain – sourcing, manufacturing and dispatch

Worldwide Responsible Accredited Production (WRAP)

Kitex Garments Limited is certified at 'Platinum' level, the highest possible rating, by Worldwide Responsible Accredited Production (WRAP). This certification is recognized by all major retailers, manufacturers and importers in the US and worldwide, and gives them assurance that the apparel produced at the accredited factory is produced in a safe, lawful, humane and ethical manner.

Global Organic Textile Standard (GOTS)

Kitex Garments Limited is certified for compliance to GOTS, the worldwide leading textile processing standard for organic fibres, including ecological and social criteria, backed up by independent certification. It ensures organic status of textiles, from harvesting of the raw materials, through environmentally and socially responsible manufacturing up to labelling in order to provide a credible assurance to the end consumer. This certification enables Kitex Garments Limited to supply certified organic garments to customers worldwide.

Supplier Compliance Audit Network (SCAN)

SCAN is an industry trade association that provides a systematic approach whereby mutually acceptable global compliance standards are achieved in reducing audit and operational redundancy for common supply chain stakeholders while maintaining confidentiality.

Global Security Verification

Kitex Garments Limited is rated as 'Low Risk' by GSV for compliance to Customs Trade Partnership against Terrorism (C-TPAT) and Border Security requirements laid out by the government of United States. 'Low Risk' is GSV's highest possible rating and assures Governments, Manufacturers and Retailers that the supply chain operates in a secure and efficient manner.

Workplace Conditions Assessment (WCA)

The Workplace Conditions Assessment (WCA) program provides a powerful, cost-effective solution for companies and facilities seeking to improve workplace conditions efficiently and in accordance with widely accepted industry standards and best practices. WCA addresses all key elements of sustainability and ethical practices related to work place people, products, and environment.

Consumer Product Safety Commission (CPSC)

The safety of products is a major concern among retailers worldwide. Governments worldwide have framed policies and standards that seek to ensure the safety of products sold in their countries. In the US, Consumer Product Safety Commission (CPSC) has laid down strict standards that must be adhered to by brands, retailers, manufacturers and importers. In the EU, REACH standards have gained acceptance.

Supplier Qualification Program (SQP)

International retailers, brands and buyers are demanding more effective ways to evaluate supplier manufacturing performance through improved transparency and more reliable, open benchmarking processes. At Kitex we have adopted Supplier Qualification Program (SQP) standards to meet world-class benchmarking.

Oeko-Tex

Kitex Garments Limited is certified 'Class-I' for compliance to Oeko-Tex Standard 100 standards. Class-I is the strictest standard for chemical product safety and is an assurance that products so produced are safe for infants.

ENVIRONMENT & HEALTH

Energy consumed by knitting/garmenting machines in our unit are only half of energy which is consumed by conventional machines.

Approximately 40% of the energy is saved due to implementation of VFD (Variable Frequency Drive) system in all the machines. Also 18% fire wood consumption is reduced due to condensate and heat recovery systems.

Biological wastes produced at the facility are utilized and converted to bio gas which is used at our hostel kitchens as fuel.

Our facility is situated in a location that gets abundant rain. Rain water is harvested which in turn helps to save water that can otherwise be used for various manufacturing and general purposes.

Our processing house uses 25% water and 50% Steam lesser than conventional dyeing method. 100% of the treated water is being used for our own irrigation and gardening purpose.

Kitex Garments is committed in conducting its business in an environmentally responsible manner by continuously updating and implementing best technological solutions in terms of process, cost management, choice of equipment quality, process efficiency, and using advanced water purification mechanisms, the company is getting closer to its dream of zero-discharge plants.

Our OH&S Policy

The management remains committed to provide and maintain safe and healthy working conditions to prevent injury and ill health to its employees by continually improving the work environment with the active cooperation and participation of the employees at all levels and by complying with applicable legal and other requirements that relate to occupational health and safety performance

OHS Strategy

Work place safety is primarily the individual's responsibility.

The management has implemented various preventive measures to avoid injury and ill health through participative safety management practices.

The management complies with applicable legal and other requirement that relate to OH&S hazards.

The board of directors, management and all the employees follows the philosophy of 'Building Better Tomorrows'.

In the year 2014, we consolidated our CSR programme through Twenty20 Kizhakkambalam Association being a society incorporated under The Travancore-Cochin Literary, Scientific and Charitable Societies Registration Act, 1955 and the Charitable Institution is registered under Income Tax Act, 1961. We focused on developing kizhakkambalam along verticals that aligned with sustainable living.

Kitex CSR – Twenty20 Kizhakkambalam Association

The Key activities/ initiatives of Kitex CSR conducted during the FY 2018-19 are detailed below:

226 Houses

1762 Acres under agri cultivation

112,000 banana saplings in FY19

243 Wells - constructed & maintained

Housing

Your company has introduced housing scheme 'Ente Veedu Scheme' in the year 2016 whereby 650 houses including sanitation, colony renovation, toilets etc were constructed so far in njaraloor colony, vilangu colony, makanikara colony and kanappuram colony under kizhakkambalam panchayat.

Infrastructural development

Your company is developing the basic infrastructure in and around kizhakkambalam panchayat by broadening the existing roads, development of new roads, side protection on both sides of the road, improving drainage facilities, scientific rain water harvesting and other allied activities. It has installed street light posts for upgrading to LED lights, thereby conserving the energy for the future.

Agriculture

Promoting sustainable agricultural practices was the main focus areas of Kitex CSR initiatives. It includes participative and group farming with the full co-operation of farmers in kizhakkambalam panchayat. Out of total used area, 850 acres were used for paddy cultivation, 890 acres for vegetable farming, 10 acres for sugarcane farming and 12 acres for fruits cultivation. The company has cultivated 1,12,000 numbers bananas during the year under review. The company has farm development equipments and other mechanical devices for better yield and financial improvements.

Safe Drinking water and water Security

The water and soil conservation structures like check dams, rain water harvesting, farm bunds and farm ponds constructed with the participation and contribution of the community helped in increasing the water level in the water bodies in these villages and retain soil moisture.

The programme focuses on supply of drinking water to some of the backward colonies located in and near the factory premises at Kizhakkambalam. 110 permanent wells were constructed and 133 wells were maintained during the reporting period. Safe drinking water was provided to backward areas of Panchayat.

The Swachh Bharat Program of the central government gave the necessary momentum to initiate the sanitation drive in villages. KGL has been maintaining toilets in and around Kizhakkambalam market & bus stand and trained local salaried people were involved in cleanliness drive.

KGL is investing in building capacities of communities to harvest and conserve water. This has been achieved by building water harvesting structures and blending modern technologies with local situations. KGL has initiated dredging of all canals in and around Kizhakkambalam by removing dumped wastes and thereby securing it useful for the agriculture and drinking needs.

Education & Supply of foods

KGL has been providing inter-alia nutritional lunch to the students apart from basic infrastructure for schools such as construction and repair of classrooms, toilet blocks and water stations for basic hygiene facilities and midday meal kitchens. The company is also providing educational support such as uniforms, textbooks, notebooks and sports kits to under privileged students.

Food Security Programme

Your company distributes essential food materials including vegetables at very moderate subsidized prices (which is almost half the market prices) on a daily basis subject to the poor and needy families. This benefit was extended to about 6000 families in kizhakkambalam panchayat area during last year.

Health Care

Under KGL's health for all initiative regular health and medical check-up camps are organized. Free medicines were distributed and follow up medical facilities were extended on a regular basis to the needy members in addition to conducting free surgeries. The Company through its 'mother and child' initiative, has been providing egg and milk to pregnant women and children under 5 years of age. Continuing with the program of good health to all in Kizhakkambalam, the company extends its ambulance services to the needy on demand at the shortest time at free of cost. This is basically for patients who have to undertake dialysis on a regular basis in the primary Health Centre.

Self Employment

KGL has started new scheme "Pashu Gramam", "Adu Gramam" and "Kozhi Gramam" farms whereby 64 families were provided with cows costing a total of ₹ 1.6 crore and 40 families were provided with goats costing a total of ₹ 40 lakhs and 140 families were provided with chicken costing a total of ₹ 35 lakhs on their request in Kizhakkambalam panchayat free of cost.

By extending the above programs, your company has generated more than one lakh job hours of employment for the local population in Kizhakkambalam Panchayat.

Flood Relief Support

KGL provided floor relief support to 7,200 families in and around Kizhakkambalam panchayat against the backdrop of the unprecedented floods that ravaged Kerala in 2018.

MANAGEMENT DISCUSSION & ANALYSIS

GLOBAL ECONOMY

The global economy is expected to grow at a steady pace of around 3 percent in calendar year 2019 and 2020, after an expansion of 3.1 per cent in 2018 amid signs that global growth has peaked. However, a worrisome combination of development challenges could further undermine growth, according to the United Nations World Economic Situation and Prospects (WESP) 2019.

Further clouding the prospects are a confluence of risks with the potential to severely disrupt economic activity and inflict significant damage on longer-term development prospects. These risks include waning support for multilateral approaches; the escalation of trade policy disputes; protectionism; nativism; financial instabilities linked to elevated levels of debt; and rising climate risks, as the world experiences an increasing number of extreme weather events.

As global financial conditions tighten, an unexpectedly rapid rise in interest rates or a significant strengthening of the US dollar could exacerbate emerging market fragilities, leading to heightened risk of debt distress. This risk can be further aggravated by global trade tensions, monetary policy adjustment in developed economies, commodity price shocks, or domestic political or economic disruptions. Many low-income countries have already experienced a substantial rise in interest burdens. Countries with a substantial amount of dollar-denominated debt, high current account or fiscal deficits, large external financing needs and limited policy buffers are particularly vulnerable to financial stress.

Heightened trade tensions between the United States and China have raised the risk of a recession next year if the dispute between the world's two largest economies is prolonged and escalates further. There will be a setback to growth stories of many developing countries and economic growth may slow down.

INDIAN ECONOMY

India is moving towards realizing a New India by 2022, when we celebrate 75 years of India's independence. Promoting inclusive employment-intensive industry and building resilient infrastructure are vital factors for economic growth and development.

India to Remain Fastest-growing Economy in 2019 & 2020, Says UN Report; Pegs GDP Growth at 7.1 per cent in 2019-20. The country is expected to witness strong economic growth in FY 20, after it has emerged as the fastest growing major world economy last year despite growing global vulnerabilities "Better demand conditions, strong domestic consumption, settled GST implementation, capacity expansion from growing investments in infrastructure, continuing positive effects of reform policies and improved credit off take especially in the services sector at 24 per cent will sustain the robust GDP growth in the range of 7.1 per cent in calendar year 2019." The Indian industry body observed that despite 2018 being filled with external vulnerabilities arising out of rising oil prices, trade wars between major global trading partners and US monetary tightening, India outshined as the world's fastest growing major economy and also consolidated its position as the 6th largest economy in the world. It added that although capital spending has shown signs of revival, a more widespread and sustained recovery in private investment remains a crucial challenge in India.

US ECONOMY

The U.S. economy fell short of the Trump administration's 3 percent annual growth target in 2018 despite \$1.5 trillion in tax cuts and a government spending blitz. In 2018 the US G.D.P. grew 2.5 percent for the full year, down from the 3 percent previously reported. Growth in 2018 was the strongest since 2015 and better than the 2.2 percent logged in 2017.

Going forward, US personal consumption expenditures rose 4.3% in the second quarter of CY19 the best performance in six quarters. Despite the challenges in the economic growth the consumer spending is projected to continue its growth. However analysts also caution that the consumer spending may not continue to grow at a 4% pace, but solid job growth and rising wages will allow households to increase their spending through the rest of this year and into 2020.

INFANT APPAREL SECTOR

The Infant (Baby) wear market accounts for 33% of total global children wear market. With a market size of \$60 bn, market is expected to grow at a CAGR of 4.4% to reach \$67 bn by 2019. Parents tend to look for baby clothing from both disposable and functional aspects. Technavio analysts forecast that the global children's and infant wear market to grow at a CAGR close to 6% during the forecast period 2019-2023, according to their latest market research report.

Ecommerce

Rising Internet penetration and adoption of smartphones has led to a surge in online sales. Online shopping of children's wear and infant wear is further facilitated by quick doorstep delivery and secure 24/7 e-transactions, which help consumers save time and energy by avoiding city traffic and long billing queues in physical retail stores.

Various factors such as lack of time, frequent offers & discounts, larger product offerings, and convenience of shipping are some of the factors boosting the e-commerce market for infant apparels. Increasing number of nuclear and single-parent families in the U.S. and Canada is expected to augment growth in the coming years.

According to an IBIS World report extract published online, revenue for the Online Baby and Infant Apparel Sales industry has increased significantly over the five years to 2018. The industry has experienced steady revenue growth since 2013, aided by the e-commerce sector capturing significant market share from brick-and-mortar apparel stores as more consumers shop online. Additionally, strengthening economic conditions, including rising consumer confidence and disposable income, are continuing to boost demand for industry products. Moreover, growth in the number of births has increased the number of infants and toddlers, which has increased demand for this industry. As a result of these positive trends, industry revenue is expected to grow at an annualized rate of 13.5% to \$2.5 billion over the five years.

Market & Customers

The company's products are sold in over 18 countries through clients such as Gerber, Walmart, Amazon, Mothercare, Carters, The Children's Place, Kohl's, Buy-Buy Baby, Ross Stores and Target. In terms of clients the key market for the company is USA (99%) followed by Europe (1%). Company has an Associate in USA by name Kitex USA LLC which takes care of the new forward integration initiatives in USA. The company has also set up a Design Studio in US for valued added design services.

SEASONALITY

The company experience seasonal fluctuations in the sales and profitability due to the timing of certain holidays and key retail shopping periods, which generally has resulted in lower sales and gross profit in the first half of the calendar year versus the second half of the year. Accordingly, our results of operations during the first half of the year may not be indicative of the results we expect for the full year.

REVIEW OF FINANCIAL PERFORMANCE

On standalone basis, your company reported the revenue from operation and other income was Rs. 62,926.47 lakhs signifying a growth of 12.38 % over previous financial year. The Revenue increased due to the better orders from the buyers. The operating profit stood at 13,019.01 lakhs compared with 10,748.92 lakhs in the previous year. Total employee benefit expense has increased by 6.67%. Our effective tax rate is at 30.07% when compared to the previous year. The net profit for the year was Rs. 8,145.55 lakhs against Rs. 7,002.23 lakhs reported in the previous year. The EPS from continuing operations for the reporting year was Rs. 12.22.

On consolidated basis, total revenue for the financial year under review was Rs. 62,927.58 lakhs as against Rs. 55,992.49 for the previous financial year, 12.39% growth. Profit before tax was Rs. 13,000.35 lakhs and net profit after tax was Rs. 8,126.89 lakhs for the financial year under review as against Rs. 10,748.92 lakhs and Rs. 7,002.23 lakhs for the previous year.

Ratios:

Return on networth: current year 13.77%

previous year 13.56%

Current ratio CY: 2.97 and PY: 5.39 (reason: in the current year, short term borrowings stood at 86.68 Crores as against previous year borrowings of .29 crores. However the net current assets in the year is higher by 21.5 cores)

Interest coverage ratio: CY: 34.55 PY: 19.49 (reason: higher profitability combined with lower interest cost have resulted in favourable increase in the ratio).

RISK & RISK MITIGATION

Your Company continues to strengthen its robust Risk Management Framework and the same was reviewed by the Audit Committee periodically. The Committee meets for focused interaction with business, identifying and prioritizing strategic, operational risk and formulating appropriate mitigation strategies and conducting frequent review of the progress on the management of the identified risk. Your company believes that managing risk helps in maximizing return. The company's approach in addressing business risks includes periodical review of such risks and thereby mitigating it effectively. The risk management framework is reviewed periodically by the Board and the Audit Committee. Some of the risks that the company is exposed to are:

- **FINANCIAL RISKS:**

The Company's policy is to actively manage its foreign exchange risks within the framework laid down by the Company's forex policy approved by the Board. Given the interest rate fluctuations, your Company has adopted a prudent and conservative risk mitigation strategy to minimize financial and interest cost risks.

- **COMMODITY PRICE RISKS**

The Company is exposed to the risk of price fluctuations of raw materials as well as finished goods. The company proactively manages these risks through forward booking, inventory management and proactive vendor development practices. Your company's reputation for quality, product differentiation coupled with the existence of a powerful brand image with a robust design and marketing network in US mitigates the impact of price risk on finished goods.

- **REGULATORY RISKS**

The Company recognized its risks attached to various statutes, laws and regulations. The company is mitigating these risks through regular review of legal compliances carried out through our internal as well as external compliance audits by our customers.

- **HUMAN RESOURCE RISKS**

Retaining the existing talent pool and attracting new talent are the major risks affecting the company. We have initiated various measures including rolling out of strategic talent management systems, training and integration of learning and development activities. Our company has collaborated with various agencies like Integrated Skill Development Scheme (ISDS), Kudumbashree which helps to identify, nurture and groom labour talents within all states of India to prepare them for future business leadership.

- **STRATEGIC RISKS**

Emerging businesses, capital expenditure for capacity expansion etc are normal strategic risks faced by your company. However your Company has well-defined processes and procedures for obtaining approval for investments in new businesses and capacity expansions.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Company has a proper and adequate internal control system to ensure that all assets are safeguarded and protected against loss from unauthorized use or disposition and those transactions are authorised, recorded and reported correctly. The internal control is exercised through documented policies, guidelines and procedures. It is supplemented by an extensive program of internal audits conducted by in house trained personnel. The audit observations and corrective action taken thereon are periodically reviewed by the audit committee to ensure effectiveness of the internal control system. The internal control is designed to ensure that the financial and other records are reliable for preparing financial statements and other data, and for maintaining accountability of persons. Apart from the above the company has engaged Messrs. K Venkitachalam Aiyer & Co, Chartered Accountants to conduct Internal Audit during the year 2018-19

HUMAN RESOURCES/INDUSTRIAL RELATIONS

The Company's HR philosophy is to establish and build a high performing organization, where each individual is motivated to perform to the fullest capacity to contribute to developing and achieving individual excellence and departmental objectives and continuously improve performance to realize the full potential of our personnel. Item No. 6 & 7

Prof. E. M. Paulose (DIN: 03563106) and Mr. Benni Joseph (DIN: 01219476) were originally appointed as Directors of the Company on July 4, 2011 and July 31, 1998 and pursuant to the requirements under Companies Act, 2013, were appointed as Independent Directors of the Company w.e.f. January 12, 2015 for a period of 5 consecutive years in the 23rd Annual General Meeting held on June 4, 2015. The said period of five years ends on January 11, 2020. They were eligible for re-appointment as Independent Directors for one more term of upto five consecutive years subject to meeting the criteria of independence and passing of a special resolution by the shareholders of the Company to that effect. Considering the past performance of Prof. E. M. Paulose and Mr. Benni Joseph as Directors of the Company, their consent and necessary disclosures to continue as Independent Directors of the Company and that they continue to meet criteria of Independence, the Board of Directors, on July 5, 2019, had approved their re-appointments as Independent Directors of the Company for the second term from January 12, 2020 to January 11, 2025, subject to approval of the shareholders and has recommended their re-appointments for approval of the shareholders in the forthcoming 27th Annual General Meeting by way of Special Resolutions.

Prof. E. M. Paulose and Mr. Benni Joseph are not disqualified from being appointed as director in terms of Sec 164 of the Companies Act, 2013 and his consent to act as director has been received by the Company. The Company has received a declaration from them that meets the criteria of independence as prescribed both under Sec149 (6) read Sch IV of the Companies Act, 2013 and under Reg 16 (1) (b) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. In the opinion of the Board, Prof. E. M. Paulose and Mr. Benni Joseph fulfills the conditions for the appointment as an Independent director as specified in the Schedule IV of the Act and the SEBI regulations. Prof. E. M. Paulose and Mr. Benni Joseph are independent of the management and possess appropriate skills, experience and knowledge.

The Company has received notices in writing from a member under Section 160 of the Act proposing the candidature of Prof. E. M. Paulose and Mr. Benni Joseph for the office of Independent Directors of the Company.

Mr. Benni Joseph doesn't hold by himself or for any other person on a beneficial basis, any shares in the Company as per declaration given by him. But Mr. E. M. Paulose is holding 140 shares in the Company.

The Nomination and Remuneration Committee (NRC) of the Board of Directors, based on the report of performance evaluation of Independent Directors, has recommended the re-appointment of Mr. Benni Joseph and Prof. E. M. Paulose as Independent Directors for a second term of 5 (five) consecutive years on the Board of the Company from January 12, 2020 to January 11, 2025.

The copy of the draft letter for appointment of Prof. E. M. Paulose and Mr. Benni Joseph as Independent director of the Company would be made available, for inspection by the members without payment of any fee, at the registered office of the Company between 11:00 AM and 1:00 PM on all working days upto the date of the Annual General Meeting.

The Board recommends the Special Resolutions set out at Item Nos. 6 and 7 of the Notice, for approval by the members.

None of the Directors other than Prof. E. M. Paulose and Mr. Benni Joseph, nor any Key Managerial Personnel or their respective relatives is, in any way interested in the Resolution at Item No.6 to 7 of the Notice.

Item No. 8

Pursuant to the Regulation 17 (1A) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 as amended on May 9, 2018 prescribes that listed entity shall not appoint a person or continue directorship of any person as a Non-Executive Director(s) who has attained the age of 75 years, unless a special resolution is passed to that effect.

Prof. E. M. Paulose was appointed as the Non-Executive Independent Director of the Company in accordance with the provisions of Sections 149, 150, 152 and any other applicable provisions of the Companies Act, 2013 and the rules made thereunder, at the 23rd Annual General Meeting held on June 4, 2015 for a period of five years upto January 11, 2020. Considering the past performance of Prof. E. M. TO DIRECTORS' REPORT

PARTICULARS OF ENERGY CONSERVATION, RESEARCH AND DEVELOPMENT TECHNOLOGY ABSORPTION AND FOREIGN EXCHANGE EARNINGS AND OUTGO

(Particulars pursuant to the Rule 8(3) Companies (Accounts) Rules, 2014)

A. Conservation of Energy

i. Steps taken for conservation of energy:

Your Company continually took necessary steps to absorb and adopt the latest technologies and innovations in the Garment Industry. Some of the steps undertaken are:

- a) All Yard Lighting Luminaire of the Premises have been changed from 400W Metal Halide to 100W LED.
- b) Motors of AHUs and Chiller Unit are now controlled and operated with VFD, thus achieving ample saving in energy cost.
- c) Replacing of all Motors which are re-wound more than 3 times with new one.
- d) Conducting periodical "Awareness/Orientation classes to the technicians, workers and other concerned to pass on a clear message on the importance of preserving energy and to take manual steps to switch off light and power wherever it is not required.
- e) All 13W PL Lamps of Toilet Blocks were replaced with 5W LED Lamps. Similarly 14W CFL of Gents Hostel were replaced with 7W LED.
- f) For Pneumatic Lines of compressed air system, "Floor wise Valve" control has been introduced so as to control air supply and to achieve reduced usage of compressor.
- g) Conducting periodical "Thermal imaging" on Switch Gears, Bus Bars and Cable termination to understand loose connection, if any, and thereby avoiding chances overheating and insulation failures.
- h) Installed "Solar Water Heating System" for 'Canteen Use' and thereby dependency on usage of LPG and other sources of Heating is reduced.
- i) Steps were initiated to use "Canteen Waste" for the generation of 'Bio gas'
- j) Decision is taken to procure only energy efficient Motors whenever requirement for new Motors or replacing existing Motors are coming.
- k) Steps were initiated to switch off Electric Lamps on areas where adequate natural light is available during day time.
- l) Usage of water is restricted/regulated by closing respective valves at different intervals. This is being carried-out without creating any difficulty for the end user.

These measures have also led to better pollution control, reduced the impact on environment, reduced maintenance time and cost, improved hygienic condition and consistency in quality and improved productivity.

ii. The steps taken by the Company for utilizing alternative source of energy.

Your company has taken steps for up-gradation and modernization of various machines in phased manner. The Company also replaces old plant and machinery in the processing unit and steps are taken to modernization of various operations including installation of robotic machines for handling very specialized work/activities.

Your Company have conducted the possibility of generating and using "Renewable sources of Energy" on a large scale for our 3 Units, particularly for "Processing Division". But as per feasibility study of outside agency, the roof structure of the Processing Unit is not capable of withstanding "Dead Load" of Solar Panels, unless and until it is reinforced/modified properly. According to the observation of the professional agencies, who had conducted study on the suitability of "Roof" for the generation of solar power, the available area on the building is equivalent to that of 2500 kWp worth power.

Since modification of the roof structure requires "Plant Shut Down" for weeks together and it is practically not possible to think on it due to extremely tight production schedules, the idea for generating alternative source of energy is dropped for the time being. The only option left out is to take necessary precautionary measures to make the roof structurally strong to accommodate "Dead Load" of Solar Panels when we construct new building/ factory sheds.

iii. Capital investment on energy conservation equipment: NIL

iv. **Total Energy consumption and energy consumption per unit of production**

B. Technology Absorption

i. **The efforts made towards technology absorption**

In addition to product and raw material development which continues to be strengthened, Research and Development activities on fashion designing are carried out on on-going basis. Absorbing technologies with state of art machineries like automated cutting machine, automated fabric inspection machines, etc., the quality of the products and efficiency of the systems have been substantially improved. By applying those technologies, the cost of production was under control. During the last three financial years, the Company has not imported any technology. The nature of activities of the Company does not warrant any exclusive R&D department.

The Company has been using Austrian imported machinery "Loop Steamer" from last financial year onwards for reactive printed fabric finishing. The Machinery is designed to facilitate the dyes fixation in a continuous process on to the printed fabric with tension less loop formation, in single web or double strand operation methods. Its thermo-cure technology enables to obtain excellent quality of finishing results of printed fabrics in brilliant colours while saving a lot of energy. Multiple applications like saturated steam, super-heated steam and hot air polymerizing are some added advantages of the machine.

ii. **The benefits derived like product improvement, cost reduction, product development or import substitution**

The benefits derived from automation has increased the production and capacity utilization. By delivering better and quality products, repeat orders have been placed by customers due to consistency in quality.

Loop steamer machinery's thermo-cure technology enables to obtain excellent quality of finishing results of printed farics in brilliant colours while saving a lot of energy. Multiple applications like saturated steam, super-heated steam and hot air polymerizing are some added advantages of the machine. PLC touch screen control enables easy and quick adjustments on machine with low noise. With value addition in fabrics, the machinery is highly efficient in steam consumption and easy maintenance.

iii. In case of imported technology (imported during the last 3 years reckoned from the beginning of the financial year)

The details of technology imported	The year of import	Whether the technology has been fully absorbed	If not fully absorbed, areas where absorption has not taken place and reasons

iv. Expenditure incurred on research and development

No specific expenditure of recurring or capital nature is involved in technology absorption, adoption and innovation directly.

CORPORATE GOVERNANCE REPORT

“Corporate Governance is the acceptance by management of the inalienable rights of shareholders as the true owners of the corporation and of their own role as trustees on behalf of the shareholders. It is about commitment to values, about ethical business conduct and about making a distinction between personal and corporate funds in the management of a company.” - Report of N. R. Narayana Murthy Committee on Corporate Governance constituted by SEBI (2003)

Your Directors present the Company's Report on Corporate Governance for the year ended March 31, 2019 in terms of regulations 34 (3) read with Schedule V of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('The Listing Regulations') as amended from time to time.

1. COMPANY'S PHILOSOPHY

Kitex Garment's governance philosophy is based on trusteeship, transparency and accountability. As a corporate citizen, our business fosters a culture of ethical behavior and disclosures aimed at building trust of our stakeholders. The Company's Code of Conduct to Regulate, Monitor and Report Trading by Designated Persons and Immediate Relatives of Designated Persons & Code of Practices and Procedures for Fair Disclosure of UPSI are an extension of our values and reflect our commitment to ethical business practices, integrity and regulatory compliance.

The Company's governance framework is based on the following principles:

- Appropriate composition and size of the Board with each member bringing in expertise in their respective domains;
- Availability of information to the members of the Board and Board Committees to enable them to discharge their fiduciary duties;
- Timely disclosure of material operation and financial information to the stakeholders;
- Systems and processes are in place for internal control;
- Communicate externally, in a truthful manner, about how the Company runs internally;
- Have a simple and transparent corporate structure driven solely by business needs; and
- The Management is the trustee of the shareholders' capital and not the owner.

The Board of Directors is at the core of our corporate governance practice and oversees how the Management serves and protects the long-term interest of all stakeholders. The Company continues to focus its resource, strengths and strategies to achieve the vision of becoming a Global Leader in Infantswear Garments while uplifting the core values of Quality, Trust, Leadership and Excellence.

PERFORMANCE EVALUATION

Pursuant to the provisions of the Companies Act, 2013 and Regulation 17 of the Listing Regulations, the Board has carried out the annual evaluation of its own performance, its Committees and Directors individually. A structured questionnaire was prepared after circulating the draft forms, covering various aspects of the Board's functioning such as adequacy of the composition of the Board and its committees, Board culture, execution and performance of specific duties, obligations and governance.

The performance of the Board was evaluated on the basis of various criteria such as composition of the Board, information flow to the board and its dynamism, strategic issues, roles and functions of the Board, relationship with the management, engagement with the Board and external stakeholders and other development areas.

The performance of the Committees was evaluated after seeking the inputs of committee members on the criteria such as understanding the terms of reference, Committee composition, Independence, contributions to Board decisions, etc.

The performance of the individual Directors was evaluated after seeking inputs from all the Directors other than the one who is being evaluated. The evaluation was based on the criteria such as Director's knowledge and understanding of their role, Company's vision and mission, market potential, Director's Commitment, qualification, skill and experience, openness in communication, fulfillment of the independence criteria as specified in these regulations and their independence from the management (in case of Independent Directors) etc.

The performance of the Board Chairperson was evaluated after seeking the inputs from all the Directors other than the Board Chairperson, on the basis of the criteria such as Chairperson's role, accountability and responsibilities, promotion of effective relationship and open communication, positive and appropriate working relationship with other executive directors, commitment, etc.

The Board evaluation report was submitted to the Board Chairperson and the Chairperson of Nomination and Remuneration Committee. The Board Chairperson discussed the outcome of evaluation of the individual Directors separately with them in detail.

The evaluation report contains an executive summary of findings and several key recommendations from the evaluation process. The report of the Board evaluation was adopted at the NRC and the Board meetings.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF KITEX GARMENTS LIMITED

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of Kitex Garments Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2019, the Statement of Profit and Loss (including Other Comprehensive Income), Statement of Changes in Equity and Statement of Cash Flows for the year then ended, and notes to the standalone financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2019, its profit and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the Standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management report, Chairman's statement, Director's report etc but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Revenue:	
Key Audit Matter	How the Key Audit Matter was addressed in our audit
<p>Refer to note 1.12 'Revenue recognition' to the standalone financial statements.</p> <p>Revenue is recognised on satisfaction of performance obligation upon transfer of control of promised products to customers in an amount that reflects the consideration the Company expects to receive in exchange for those products.</p> <p>In terms of the application of the new revenue accounting standard Ind AS 115 (Revenue from Contracts with Customers), control is transferred either when the product is delivered to the customer's site or when the product is shipped, depending on the applicable terms. The Management has exercised judgement in applying the revenue accounting policy while recognising revenue.</p>	<p>We have performed the following principal audit procedures in relation to revenue recognized:</p> <ul style="list-style-type: none"> • Understood the revenue recognition process, evaluated the design and implementation, and operating effectiveness of internal controls including relevant information technology controls relating to revenue recognised; • identifying the nature of the revenues and identification of any unusual contract terms; • We performed substantive procedures on a sample of transactions for revenue stream from source data through to general ledger to test that appropriate revenue recognition had been applied. • We have evaluated the delivery and shipping terms of the contracts for revenue recognised during the period. Our testing included tracing the information to agreements and payments; • We performed other substantive, transactional testing and analytical procedures to validate the recognition of revenue throughout the year. • Tested sample transactions around the period end to ensure they were recorded in the correct period; and • Tested journal entries posted to revenue accounts focusing on unusual or irregular items, if any
Inventory:	
Key Audit Matter	How the Key Audit Matter was addressed in our audit
<p>Refer to note 1.6 'Inventories' to the standalone financial statements.</p> <p>The total value of inventory as of March 31, 2019 amounted to ₹ 12,888 lakhs representing 16.40% of the total assets (2018: 8,782 Lakhs, 14.22% of the total assets). Inventories are measured the lower of cost and net realisable value.</p> <p>The valuation of inventory is dependent on establishing appropriate valuation controls. We focused on this area as Management judgement is applied to estimate the appropriate write-down for obsolete inventories and the indirect production costs manually capitalised as inventory. These judgements are key elements in the valuation of inventories.</p>	<p>We have performed the following principal audit procedures in relation to Inventory valuation:</p> <ul style="list-style-type: none"> • We tested relevant internal controls that the Company uses to ensure proper valuation of inventory, including the procedures for write-down of obsolete inventory and the indirect production costs manually capitalised as inventory. • We tested the adequacy of write-downs for excess and/or obsolete inventory by verifying future demand data, historical usage, historical accuracy of write-downs and management's plans to utilise the inventory. • We evaluated the significant judgements and estimates made by Management in applying Company's accounting policy in relation to indirect production costs. • We assessed the Company's disclosures in the financial statements in respect of inventory.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

We give in "Annexure A" a detailed description of Auditors' responsibilities for Audit of the Standalone Financial Statements.

Other Matter

The comparative financial information of the Company for the year ended March 31, 2019 prepared in accordance with Ind AS included in the Statement have been audited by the predecessor statutory auditors who had audited the Standalone financial statements for the relevant periods. The report of the predecessor statutory auditor dated May 18, 2018 on the comparative financial information for the year ended March 31, 2018 expressed an unmodified audit opinion on those standalone financial statements.

Our opinion is not modified in respect of this matter.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - (c) The Balance Sheet, the Statement of Profit and Loss, and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
 - (d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - (e) On the basis of the written representations received from the directors as on March 31, 2019 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2019 from being appointed as a director in terms of Section 164 (2) of the Act.
 - (f) With respect to the adequacy of the internal financial controls with reference to standalone financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure C".
 - (g) With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements – Refer Note 2.39.1 to the standalone financial statements;
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
3. As required by The Companies (Amendment) Act, 2017, in our opinion, according to information, explanations given to us, the remuneration paid by the Company to its directors is within the limits laid prescribed under Section 197 of the Act and the rules thereunder.

ANNEXURE – A

TO THE INDEPENDENT AUDITORS' REPORT ON EVEN DATE ON THE STANDALONE FINANCIAL STATEMENTS OF KITEX GARMENTS LIMITED

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has internal financial controls with reference to standalone financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

ANNEXURE – B

TO INDEPENDENT AUDITORS' REPORT OF EVEN DATE ON THE STANDALONE FINANCIAL STATEMENTS OF KITEX GARMENTS LIMITED FOR THE YEAR ENDED MARCH 31, 2019

[Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' in the Independent Auditors' Report]

- i.(a) The company has maintained proper records showing full particulars including quantitative details and situation of fixed assets (Property, Plant and Equipment).
- (b) Some of the fixed assets (Property, Plant and Equipment) were physically verified during the year by the Management in accordance with a programme of verification, which in our opinion provides for physical verification of all the fixed assets at reasonable intervals. According to the information and explanations given to us no material discrepancies were noticed on such verification.
- (c) According to the information and explanation given to us and the records examined by us and based on the examination of the registered sale deed / transfer deed provided to us, we report that, the title deeds, comprising all the immovable properties of land and buildings which are freehold, are held in the name of the Company as at the balance sheet date.

Immovable properties of land and buildings whose title deeds have been pledged with banks as security for term loans, are held in the name of the Company based on the Mortgage deed executed between the bank and the Company for which confirmations have been obtained from respective bankers.

- ii. The inventory has been physically verified during the year by the management. In our opinion, the frequency of verification is reasonable. No material discrepancies were noticed on verification between the physical stock and the book records.
- iii. The Company has not granted any loans, secured or unsecured to Companies, Firms, Limited Liability Partnerships (LLP) or other parties covered in the register maintained under section 189 of the Companies Act, 2013 ('the Act'). Accordingly, the provisions stated in paragraph 3 (iii) (a) to (c) of the Order are not applicable to the Company.
- iv. In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of section 185 and 186 of the Act, in respect of investments. The company has not given any loans, guarantees or securities.
- v. In our opinion and according to the information and explanations given to us, the Company has not accepted any deposits falling under the provisions of Section 73 to 76 or any other relevant provisions of the Companies Act, 2013 and the rules made thereunder and hence reporting under clause (v) of the Order is not applicable.
- vi. The provisions of sub-section (1) of section 148 of the Act are not applicable to the Company as the Central Government of India has not specified the maintenance of cost records for any of the products of the Company. Accordingly, the provisions stated in paragraph 3 (vi) of the Order are not applicable to the Company.
- vii.(a) According to the information and explanations given to us and the records of the Company examined by us, in our opinion, the Company is regular in depositing with appropriate authorities undisputed statutory dues including provident fund, employees' state insurance, income-tax, goods and service tax, duty of customs, cess and any other statutory dues applicable to it. There were no undisputed statutory dues in arrears as at March 31, 2019 for a period of more than six months from the date they became payable.
- (b) According to the information and explanation given to us and examination of records of the Company, the outstanding dues of income-tax, goods and service tax, customs duty, cess and any other statutory dues on account of any dispute, are as follows:

Name of the statute	Nature of dues	Amount (₹ in Lakhs)	Period to which the amount relates	Forum where dispute is pending
The Customs Act, 1962	Customs Duty and interest	220.26	1996-97 to 1997-98	Honourable Supreme Court
The Customs Act, 1962	Customs Duty and interest	2,937.04	2010-11 to 2017-18	Honourable High Court of Kerala
Income Tax Act, 1961	Penalty	33.91	2010-11	Commissioner of Income tax (Appeals)
Income Tax Act, 1961	Income tax dues	116.94	2015-16	Commissioner of Income tax (Appeals)

- viii. In our opinion and according to the information and explanations given to us, the Company has not defaulted in repayment of dues to banks. The Company does not have any loans or borrowings from financial Institutions and has not issued any debentures.

- ix. In our opinion, according to the information explanation provided to us, money raised by way of term loans during the year have been applied for the purpose for which they were raised. The Company has not raised any money by way of initial public offer or further public offer (including debt instruments) during the year.
- x. During the course of our audit, examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, we have neither come across any instance of material fraud by the Company or on the Company by its officers or employees.

ANNEXURE – C

TO THE INDEPENDENT AUDITORS' REPORT OF EVEN DATE ON THE STANDALONE FINANCIAL STATEMENTS OF KITEX GARMENTS LIMITED

[Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' in the Independent Auditors' Report]

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls with reference to standalone financial statements of Kitex Garments Limited ("the Company") as of March 31, 2019 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI) (the "Guidance Note"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether internal financial controls with reference to standalone financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the internal financial controls with reference to standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements included obtaining an understanding of internal financial controls with reference to standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors' judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to standalone financial statements.

Meaning of Internal Financial Controls With Reference to Standalone Financial Statements

A Company's internal financial control with reference to standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control with reference to standalone financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls With Reference to Standalone Financial Statements

Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial control with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, internal financial controls with reference to standalone financial statements and such internal financial controls with reference to standalone financial statements were operating effectively as at March 31, 2019, based on the internal control with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note.

NOTES TO THE STANDALONE FINANCIAL STATEMENT FOR THE YEAR ENDED 31ST MARCH 2019

General Information

Kitex Garments Limited is a Public Company incorporated and domiciled in India having its registered office at Kizhakkambalam, Alwaye, Ernakulam- 683562, Kerala, India. Its shares are listed on the Bombay Stock Exchange and the National Stock Exchange. The Company is engaged in the manufacture of fabric and readymade garments.

1. Significant Accounting Policies

1.1 Basis of Preparation of Financial Statements

These financial statements are prepared in accordance with the Indian Accounting Standards prescribed under Section 133 of the Companies Act 2013 read with the Companies (Indian Accounting Standards) Rules, 2015 (as amended).

Accounting policies were consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

The financial statements have been prepared on a historical cost basis on the accrual basis of accounting, except for the following -

- a. Financial assets and liabilities that is measured at fair value;
- b. defined benefit plans - plan assets measured at fair value;

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

1.2 Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is classified as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is classified as current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

All other liabilities are classified as non-current. Deferred tax assets and liabilities are classified as non-current assets and liabilities.

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of products and the time between the acquisition of assets for processing and their realization in cash and cash equivalents, the company has ascertained its operating cycle as 12 months for the purpose of current – noncurrent classification of assets and liabilities.

1.3 Use of Estimates

In the preparation of financial statements, the management makes estimates and assumptions in conformity with the Generally Accepted Accounting Principles in India. Such estimates and assumptions are made on reasonable and prudent basis taking into account all available information. However actual results could differ from these estimates and assumptions and such differences are recognised in the period in which results are ascertained. The estimates and underlying assumptions are reviewed on an ongoing basis.

The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in Note 1.19.

1.4 Property, Plant & Equipment

Property, plant and equipment (except freehold land) are stated at cost of acquisition less accumulated depreciation and impairment if any. Freehold land is carried at historical cost. The company is adopting the cost model for determining gross carrying amount. Cost comprises of purchase price, inward freight, duties, taxes and any attributable cost of bringing the assets to its working condition for its intended use.

When parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components). The cost of replacement spares/ major inspection relating to property, plant and equipment is capitalised only when it is probable that future economic benefits associated with these will flow to the company and the cost of the item can be measured reliably.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed by the management at each financial year and adjusted prospectively, if appropriate.

Capital work in progress comprises of the cost of fixed assets that are not yet ready for their intended use at the reporting date.

Depreciation methods, estimated useful lives

Depreciation on Property, plant and equipment is provided on Straight Line Method at the useful lives based on a review by the management at the year-end as under:

- a) Assets (other than capital spares) - based on useful lives prescribed under Schedule II of the Companies Act, 2013
- b) Capital Spares- based on useful life of each replaced part (2 - 5 years).

Depreciation on addition to property plant and equipment is provided on pro-rata basis from the date of acquisition. Depreciation on sale/deduction from property plant and equipment is provided up to the date preceding the date of sale, deduction as the case may be. Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in Statement of Profit and Loss under 'Other Income'.

1.5 Intangible Assets

Cost of software is capitalised as intangible asset and amortised on a straight-line basis over the economic useful life of three years.

The residual values, useful lives and methods of depreciation of intangible assets are reviewed by the management at each financial year and adjusted prospectively, if appropriate.

1.6 Inventories

Inventories are valued at lower of cost or net realisable value. For this purpose, the cost of bought-out inventories comprises of the purchase cost of the items, net of applicable tax/duty credits and cost of bringing such items into the factory on First-In, First-Out (FIFO) basis. Cost of Inventory comprises Cost of Purchase, Cost of Conversion and other Costs incurred to bring them to their respective present location and condition. The net realisable value of bought out inventories is taken at their current replacement value. The cost of manufactured inventories comprises of the direct cost of production plus appropriate fixed and variable production overheads.

Difference between the purchase price for normal credit terms and the amount paid for deferred settlement terms, if any, is recognised as an expense.

1.7 Foreign Currency Transactions

(a) Functional and presentation currency

Items included in the financial statements of the entity are measured using the currency of the primary economic environment in which the entity operates ("functional currency"). The financial statements are presented in Indian Rupees ("INR"), which is the functional currency and presentation currency of the Company.

(b) Transactions and balances

Foreign exchange transactions are recorded at the functional currency adopting the exchange rate prevailing on the dates of respective transactions. Monetary assets and liabilities denominated in foreign currencies existing as on the Balance Sheet date are translated at the functional currency exchange rate prevailing as at the Balance Sheet date. The exchange difference arising from the settlement of transactions during the period and effect of translations of assets and liabilities at the Balance Sheet date are recognised in the Statement of Profit and Loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in Other Comprehensive Income or profit and loss are also recognised in Other Comprehensive Income or profit and loss, respectively).

(c) Derivative instruments and hedge accounting

The company uses foreign currency derivative contracts to hedge its risks associated with foreign currency fluctuations relating to certain firm commitments and highly probable forecasted transactions. The company designates these as cash flow hedges applying the recognition and measurement principles set out in Ind AS 109–Financial Instruments.

The use of foreign currency and derivative contracts is governed by the Company's policies approved by the Board of directors which provide written principles on the use of such financial derivatives consistent with the Company's risk management strategy. The company does not use derivative financial instruments for speculative purposes.

Foreign currency derivative instruments are initially measured at fair value and are re-measured at subsequent reporting dates. Any gains or losses arising from changes in the fair value of derivatives are taken directly to profit and loss, except for the effective portion of cash flow hedges, which is recognised in Other Comprehensive Income in the cash flow hedge reserve and later reclassified to profit and loss when the hedge item affects profit and loss.

Hedge accounting is discontinued when the hedge instrument expires or is sold, terminated, or exercised, or no longer qualifies for hedge accounting.

1.8 Leases

Leases in which a significant portion of the risks and rewards of ownership are not transferred to the Company as a lessee are classified as operating leases. Payments made under operating leases (net of any incentives received from the lesser) are charged to Statement of Profit and Loss on a straight-line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

1.9 Borrowing Costs

Borrowing costs that are directly attributable to the acquisition, construction or production of an asset that takes a substantial period of time to get ready for its intended use are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. Other borrowing costs are recognised as expenditure in the period in which they are incurred.

1.10 Government grants

Government grants are not recognised until there is reasonable assurance that the Company will comply with the conditions attaching to them and that the grants will be received. Government grants shall be recognised in profit and loss on a systematic basis over the periods in which the entity recognises as expenses the related costs for which the grants are intended to compensate.

Government grants related to depreciable assets are presented in the balance sheet by setting up the grant as deferred income and are recognised in profit and loss over the periods and in the proportions in which depreciation expense on those assets is recognised and are presented under Other Income.

A government grant that becomes receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the entity with no future related costs are recognised in profit and loss of the period in which it becomes receivable and are presented under Other Income/ deducted from the related heads of expenditure.

1.11 Financial Instruments

(a) Financial asset

(i). Initial recognition and measurement

At initial recognition, financial asset is measured at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

(ii). Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in following categories:

- a) at amortized cost; or
- b) at fair value through other comprehensive income; or at fair value through profit or loss.

Amortized cost: Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortized cost. Interest income from these financial assets is included in finance income using the effective interest rate method (EIR).

Fair value through other comprehensive income (FVOCI): Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through other comprehensive income (FVOCI). Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognized in Statement of Profit and Loss. When the financial asset is derecognized, the cumulative gain or loss previously recognized in OCI is reclassified from equity to Statement of Profit and Loss and recognized in other gains/ (losses). Interest income from these financial assets is included in other income using the effective interest rate method.

Fair value through profit or loss (FVTPL): Assets that do not meet the criteria for amortized cost or FVOCI are measured at fair value through profit or loss. Interest income from these financial assets is included in other income.

(iii). Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

(b) Financial liabilities

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit and loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the Effective interest rate method. Gains and losses are recognised in profit and loss when the liabilities are de-recognised as well as through the amortisation of effective interest.

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires.

1.12 Revenue Recognition

The Company derives revenues primarily from sale of manufactured fabric and readymade garments.

Effective 01 April 2018, the Company has adopted Indian Accounting Standard 115 (Ind AS 115) 'Revenue from contracts with customers' using the cumulative catch-up transition method, applied to contracts that were not completed as on the transition date i.e. 01 April 2018. Accordingly, the comparative amounts of revenue and the corresponding contract assets / liabilities have not been retrospectively adjusted. The effect on adoption of Ind-AS 115 was insignificant.

Revenue is recognized on satisfaction of performance obligation upon transfer of control of promised products to customers in an amount that reflects the consideration the Company expects to receive in exchange for those products.

The Company does not expect to have any contracts where the period between the transfer of the promised goods or services to the customer and payment by the customer exceeds one year. As a consequence, it does not adjust any of the transaction prices for the time value of money.

Other operating revenue - Export incentives: Export Incentives under various schemes are accounted in the year of export.

1.13 Taxes

Current tax is determined as the amount of tax payable in respect of taxable income for the year computed in accordance with the provisions of the Income Tax Act, 1961. Taxable income differs from 'profit before tax' as reported in the Statement of Profit and Loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered. Any such reduction shall be reversed to the extent that it becomes probable that sufficient taxable profit will be available.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Current and deferred tax are recognised in the Statement of Profit and Loss, except when they relate to items that are recognised in other comprehensive income or items related to equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

1.14 Employee Benefits

(a) Short-term obligations

Liabilities for wages and salaries, including nonmonetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled.

(b) Defined Contribution Plans

The company has defined contribution plans for employees comprising of Provident Fund and Employee's State Insurance. The contributions paid/payable to these plans during the year are recognised as employee benefit expense in the Statement of Profit and Loss for the year.

(c) Defined Benefit Plans: Gratuity

The net present value of the obligation for gratuity benefits are determined by independent actuarial valuation, conducted annually using the projected unit credit method.

The retirement benefit obligations recognised in the Balance Sheet represents the present value of the defined benefit obligations reduced by the fair value of plan assets. All expenses represented by current service cost, past service cost, if any, and net interest on the defined benefits are recognised immediately in Statement of Profit and Loss as past service cost, if any, and net interest on the defined benefit liability/(asset) are recognised in the Statement of Profit and Loss.

Remeasurements of the net defined benefit liability/(asset) comprising actuarial gains and losses and the return on the plan assets (excluding amounts included in net interest), are recognised in Other Comprehensive Income. Such remeasurements are not reclassified to the Statement of Profit and Loss in the subsequent periods.

(d) Long Term Employee Benefits: Compensated absences

The company has a scheme for compensated absences for employees, the liability of which is determined based on an independent actuarial valuation carried out at the end of the year, using the projected unit credit method. Actuarial gains and losses are recognised in full in the Statement of Profit and Loss for the period in which they occur.

1.15 Segment Reporting

Operating Segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker (CODM) of the Company. The CODM is responsible for allocating resources and assessing performance of the operating segments of the Company.

1.16 Earnings per share

Basic/diluted earnings per share is calculated by dividing the net profit and loss for the year attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares/diluted potential equity shares outstanding as at the end of the year, as the case may be.

1.17 Impairment of Non-financial Assets

The Company assesses at each year end whether there is any objective evidence that a non-financial asset or a group of non-financial assets is impaired. An asset or a cash generating unit is treated as impaired, when the carrying value of assets exceeds its recoverable amount. The recoverable amount of an asset or a cash-generating unit is the higher of its

fair value less costs of disposal and its value in use. Based on such assessment, impairment loss if any is recognised in the Statement of Profit and Loss for the period in which the asset is identified as impaired.

1.18 Rounding off amounts

All amounts disclosed in financial statements and notes have been rounded off to the nearest thousands as per requirement of Schedule III of the Act, unless otherwise stated.

1.19 Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks, cash on hand and short-term deposits net of bank overdraft with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

1.20 Provisions and contingent liabilities

Provisions are recognised when the company has a present obligation (legal or constructive) because of a past event, for which it is probable that a cash outflow will be required, and a reliable estimate can be made of the amount of the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, it's carrying amount is the present value of those cash flows (when the effect of time value of money is material). These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

When the company expects some or all the provision to be reimbursed, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

Contingent Liabilities are disclosed when the company has a possible obligation, or a present obligation and it is probable that an outflow of resources will not be required to settle the obligation, or the amount of obligation cannot be measured with sufficient reliability.

1.21 Significant accounting judgments estimates and assumptions

The preparation of financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future years.

i. Useful lives of property, plant and equipment and intangible assets:

As described in the significant accounting policies, the Company reviews the estimated useful lives of property, plant and equipment and intangible assets at the end of each reporting period.

ii. Actuarial Valuation:

The determination of Company's liability towards defined benefit obligation to employees is made through independent actuarial valuation including determination of amounts to be recognised in the Statement of Profit and Loss and in other comprehensive income. Such valuation depends upon assumptions determined after considering inflation, seniority, promotion and other relevant factors such as supply and demand factors in the employment market. Information about such valuation is provided in notes to the financial statements.

iii. Impairment of Assets:

The evaluation of applicability of indicators of impairment of assets requires assessment of several external and internal factors which could result in deterioration of recoverable amount of the assets.

iv. Recoverability of advances/receivables:

Management reviews its receivables for objective evidence of impairment at least quarterly. Significant financial difficulties of the debtor, the probability that the debtor will enter bankruptcy, and default or significant delay in payments are considered objective evidence that a receivable is impaired. In determining this, management makes judgement as to whether there is observable data indicating that there has been a significant change in the payment ability of the debtor, or whether there have been significant changes with adverse effect in the technological, market, economic or legal environment in which the debtor operates in.

Where there is objective evidence of impairment, management makes judgements as to whether an impairment loss should be recorded as an expense. In determining this, management uses estimates based on historical loss experience for assets with similar credit risk characteristics.

1.22 Standards (including amendments) issued but not yet effective

(a) Ind AS 116 – Leases

On March 30, 2019, the Ministry of Corporate Affairs has notified Ind AS 116, Leases. Ind AS 116 will replace the existing leases standard, Ind AS 17, Leases, and related interpretations. The standard sets out the principles for

the recognition, measurement, presentation and disclosure of leases for both parties to a contract i.e., the lessee and the lessor. Ind AS 116 introduces a single lessee accounting model and requires the lessee to recognize assets and liabilities for all leases with a term of more than twelve months, unless the underlying asset is of low value. Currently, operating lease expenses are charged to the Statement of Profit and Loss. The standard also contains enhanced disclosure requirements for lessees. Ind AS 116 substantially carries forward the lessor accounting requirements in Ind AS 17. The effective date for the adoption of Ind AS 116 is annual periods beginning on or after April 1, 2019.

The company will adopt Ind AS 116 effective annual reporting period beginning April 1, 2019. The company will apply the standard to its leases, retrospectively, with the cumulative effect of initially applying the standard, recognised on the date of initial application (April 1, 2019). Accordingly, the company will not restate comparative information, instead, the cumulative effect of initially applying this Standard will be recognised as an adjustment to the opening balance of retained earnings as on April 1, 2019. On that date, the company will recognise a lease liability measured at the present value of the remaining lease payments. The right-of-use asset is recognised at its carrying amount as if the Standard had been applied since the commencement date but discounted using the lessee's incremental borrowing rate as at April 1, 2019. In accordance with the standard, the company will elect not to apply the requirements of Ind AS 116 to short-term leases and leases for which the underlying asset is of low value. On transition, the company will be using the practical expedient provided by the standard. The company is currently evaluating the effect in the adoption of this standard.

(b) Ind AS 12 - Income taxes (amendments relating to uncertainty over income tax treatments and income tax consequences on dividend distribution)

On March 30, 2019, the Ministry of Corporate Affairs has notified Ind AS 12, Appendix C, Uncertainty over Income Tax Treatments which is to be applied while performing the determination of taxable profit (or loss), tax bases, unused tax losses, unused tax credits and tax rates, when there is uncertainty over income tax treatments under Ind AS 12. According to the appendix, companies need to determine the probability of the relevant tax authority accepting each tax treatment, or group of tax treatments, that the companies have used or plan to use in their income tax filing which has to be considered to compute the most likely amount or the expected value of the tax treatment when determining taxable profit (tax loss), tax bases, unused tax losses, unused tax credits and tax rates.

The amendment relating to income tax consequences of dividend clarify that an entity shall recognise the income tax consequences of dividends in profit or loss, other comprehensive income or equity according to where the entity originally recognised those past transactions or events.

The effective date for adoption of Ind AS 12 amendments are annual periods beginning on or after April 1, 2019. The Company will adopt the standard on April 1, 2019 and has decided to adjust the cumulative effect in equity on the date of initial application i.e. April 1, 2019 without adjusting comparatives. The Company is currently evaluating the effect of this amendment on the financial statements.

(c) Ind AS 19- Plan amendment, curtailment or settlement (Amendment)

On March 30, 2019, the Ministry of Corporate Affairs issued amendments to Ind AS 19, Employee Benefits, in connection with accounting for plan amendments, curtailments and settlements. The amendments clarify that if a plan amendment, curtailment or settlement occurs, it is mandatory that the current service cost and the net interest for the period after the re-measurement are determined using the assumptions used for the re-measurement. In addition, amendments have been included to clarify the effect of a plan amendment, curtailment or settlement on the requirements regarding the asset ceiling. The company does not expect this amendment to have any significant impact on its financial statement.

(d) Ind AS 23 – Borrowing Costs (Amendment)

On March 30, 2019, the Ministry of Corporate Affairs issued amendments to Ind AS 23, Borrowing Costs. The amendments clarify that if any specific borrowing remains outstanding after the related asset is ready for its intended use or sale, that borrowing becomes part of the funds that an entity borrows generally when calculating the capitalisation rate on general borrowings. The company does not have any impact from this amendment.

2.34 Fair Value Measurement

Fair value of the financial instruments is classified in various fair value hierarchies based on the following three levels:

Level 1: Quoted prices (unadjusted) in active market for identical assets or liabilities.

Level 2: Inputs other than quoted price included within level 1 that are observable for the asset or liability, either directly.

Level 3: Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

The fair value of trade receivables, trade payables and other Current financial assets and liabilities is considered to be equal to the carrying amounts of these items due to their short-term nature.

There were no transfers between Level 1 and Level 2 during the year.

Fair value hierarchy of financial instruments measured at fair value on a recurring basis is as follows: (Rupees in Lakhs)

2.35 Financial Risk Management - Objectives and Policies

The Company has a well- managed risk management framework, anchored to policies and procedures and internal financial controls aimed at ensuring early identification, evaluation and management of key financial risks (such as liquidity risk, market risk, credit risk and foreign currency risk) that may arise as a consequence of its business operations as well as its investing and financing activities.

Accordingly, the Company's risk management framework has the objective of ensuring that such risks are managed within acceptable risk parameters in a disciplined and consistent manner and in compliance with applicable regulation.

1) Liquidity Risk

Liquidity risk is the risk that the Company will encounter due to difficulty in raising funds to meet commitments associated with financial instruments that are settled by delivering cash or another financial asset. Liquidity risk may result from an inability to sell a financial asset quickly at close to its fair value.

The company has sound financial strength represented by its aggregate current assets as against aggregate current liabilities and its strong equity base and low working capital debt. In such circumstances, liquidity risk does not exist.

The table below summarises the maturity profile of the Company's financial liabilities based on contractual undiscounted payments.

(Rupees in Lakhs)

Maturities of financial liabilities As at 31 March 2019	Less than 1 year	1 year to 5 years	More than 5 years	Total
Borrowings	8,668.30			8,668.30
Trade payable	4,210.59			4,210.59
Other financial liabilities	747.30			747.30
Maturities of financial liabilities As at 31 March 2018	Less than 1 year	1 year to 5 years	More than 5 years	Total
Borrowings	29.22	62.58		91.80
Trade payable	4,252.28			4,252.28
Other financial liabilities	1,101.13			1,101.13

2) Market Risk

As the Company is virtually debt-free and its deferred payment liabilities do not carry interest, the exposure to interest rate risk from the perspective of Financial Liabilities is negligible.

a) Foreign Currency Risk

The Company undertakes transactions denominated in foreign currency (mainly US Dollar) which are subject to the risk of exchange rate fluctuations. Financial assets and liabilities denominated in foreign currency, are also subject to reinstatement risks.

The Company uses forward exchange contracts to hedge its exposures in foreign currency arising from firm commitments and highly probable forecast transactions. The carrying amount of foreign currency denominated financial assets and liabilities including derivative contracts, are detailed in Note No.2.38

The Company has established risk management policies to hedge the volatility arising from exchange rate fluctuations in respect of firm commitments and highly probable forecast transactions, through foreign exchange forward contracts. The proportion of forecast transactions that are to be hedged is decided based on the size of the forecast transaction and market conditions. As the counterparty for such transactions are highly rated banks, the risk of their non-performance is considered to be insignificant.

The following table details the Company's sensitivity to a 1% increase and decrease in the rupee against the relevant foreign currencies net of forward contracts. The sensitivity analysis includes only outstanding foreign currency denominated monetary items and adjusts their translation at the year-end for a 1% change in foreign currency rates, with all other variables held constant.

Sensitivity		
50 BPS increase in rate	25.91	35.21
50 BPS decrease in rate	(25.91)	(35.21)

3) Credit Risk

Credit risk refers to risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. Management considers that the demographics of the Company's customer base, including the default risk of the industry and country in which customers operate, has less of an influence on credit risk. The Company is not exposed to concentration of credit risk to any one single customer since the products are sold to customers who are spread over a vast spectrum and hence, the concentration of risk with respect to trade receivables is low. Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the credit worthiness of the customers to which the Company grants credit terms in the normal course of the business.

2.36 Capital Management

For the purpose of the Company's capital management, capital includes issued capital and all other equity reserves attributable to the equity shareholders of the Company. The primary objective of the Company when managing capital is to safeguard its ability to continue as a going concern and to maintain an optimal capital structure so as to maximize shareholder value.

The Company's financial strategy aims to support its strategic priorities and provide adequate capital to its businesses for growth and creation of sustainable stakeholder value. The Company funds its operations through internal accruals. The Company aims at maintaining a strong capital base largely towards supporting the future growth of its businesses as a going concern.

As at March 31, 2019, the Company has only one class of equity shares and is virtually debt-free. The company is not subject to any externally imposed capital requirements.

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF KITEX GARMENTS LIMITED

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of **Kitex Garments Limited** (hereinafter referred to as the "Holding Company") and its subsidiaries (Holding Company and its subsidiaries together referred to as "the Group"), which includes Company's share of loss in its associate which comprise the consolidated Balance Sheet as at March 31, 2019, and the consolidated statement of Profit and Loss (including Other Comprehensive Income), the consolidated statement of changes in equity and the consolidated cash flows Statement for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, and based on consideration of reports of other auditors on separate financial statements of the associate, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of their consolidated state of affairs of the Group, and its associate as at March 31, 2019, of consolidated profit, consolidated changes in equity and its consolidated cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditors' Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group and its associate in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in India in terms of the Code of Ethics issued by Institute of Chartered Accountant of India ("ICAI"), and the relevant provisions of the Act and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Revenue:	
Key Audit Matter	How the Key Audit Matter was addressed in our audit
<p>Refer to note 1.12 'Revenue recognition' to the consolidated financial statements.</p> <p>Revenue is recognised on satisfaction of performance obligation upon transfer of control of promised products to customers in an amount that reflects the consideration the Company expects to receive in exchange for those products.</p> <p>In terms of the application of the new revenue accounting standard Ind AS 115 (Revenue from Contracts with Customers), control is transferred either when the product is delivered to the customer's site or when the product is shipped, depending on the applicable terms. The Management has exercised judgement in applying the revenue accounting policy while recognising revenue.</p>	<p>We have performed the following principal audit procedures in relation to revenue recognized:</p> <ul style="list-style-type: none"> Understood the revenue recognition process, evaluated the design and implementation, and operating effectiveness of internal controls including relevant information technology controls relating to revenue recognised; identifying the nature of the revenues and identification of any unusual contract terms; We performed substantive procedures on a sample of transactions for revenue stream from source data through to general ledger to test that appropriate revenue recognition had been applied. We have evaluated the delivery and shipping terms of the contracts for revenue recognised during the period. Our testing included tracing the information to agreements and payments; We performed other substantive, transactional testing and analytical procedures to validate the recognition of revenue throughout the year. Tested sample transactions around the period end to ensure they were recorded in the correct period; and Tested journal entries posted to revenue accounts focusing on unusual or irregular items, if any

Inventory:	
Key Audit Matter	How the Key Audit Matter was addressed in our audit
<p>Refer to note 1.6 'Inventories' to the consolidated financial statements.</p> <p>The total value of inventory as of March 31, 2019 amounted to ₹ 12,888 lakhs representing 16.40% of the total assets (2018: 8,782 Lakhs, 14.22% of the total assets). Inventories are measured the lower of cost and net realisable value.</p> <p>The valuation of inventory is dependent on establishing appropriate valuation controls. We focused on this area as Management judgement is applied to estimate the appropriate write-down for obsolete inventories and the indirect production costs manually capitalised as inventory. These judgements are key elements in the valuation of inventories.</p>	<p>We have performed the following principal audit procedures in relation to Inventory valuation:</p> <ul style="list-style-type: none"> • We tested relevant internal controls that the Group uses to ensure proper valuation of inventory, including the procedures for write-down of obsolete inventory and the indirect production costs manually capitalised as inventory. • We tested the adequacy of write-downs for excess and/or obsolete inventory by verifying future demand data, historical usage, historical accuracy of write-downs and management's plans to utilise the inventory. • We evaluated the significant judgements and estimates made by Management in applying Group's accounting policy in relation to indirect production costs. • We assessed the Group's disclosures in the financial statements in respect of inventory.

Information Other than the Consolidated Financial Statements and Auditors' Report Thereon

The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management report, Chairman's statement, Director's report etc but does not include the consolidated financial statements and our auditors' report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation and presentation of these consolidated financial statements in term of the requirements of the Act that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group including its Associate in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act. The respective Board of Directors of the companies included in the Group and of its associate are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group and of its associate are responsible for assessing the ability of the Group and of its associate to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group and of its associate are responsible for overseeing the financial reporting process of the Group and of its associate.

Auditors' Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing ("SAs") will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

We give in "Annexure A" a detailed description of Auditor's responsibilities for Audit of the Consolidated Financial Statements.

Other Matters

- a. The consolidated financial statements also include the Group's share of net loss of ₹ 982.34 Lakhs and total other comprehensive loss of ₹ 42.70 lakhs for the year ended March 31, 2019, as considered in the consolidated financial statements, in respect of an associate, whose financial statements have not been audited by us. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of this associate, and our report in terms of sub-section (3) of Section 143 of the Act, in so far as it relates to the aforesaid associate, is based solely on the report of the other auditors.
- b. The consolidated Indian Ind AS financial statements of the Group for the year ended March 31, 2018, were audited by the predecessor statutory auditors whose report dated May 18, 2018 expressed an unmodified opinion on those financial statements.

Our opinion is not qualified in respect of these matters.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, we report, to the extent applicable, that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
 - b. In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.
 - c. The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss, the Consolidated Statement of Changes in Equity and the Consolidated Cash Flow Statement dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
 - d. In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - e. On the basis of the written representations received from the directors of the Holding Company and its subsidiary companies incorporated in India as on March 31, 2019 taken on record by the Board of Directors of the Holding Company and subsidiary companies incorporated in India respectively, none of the directors of the Group companies incorporated in India is disqualified as on March 31, 2019 from being appointed as a director in terms of Section 164 (2) of the Act.
 - f. With respect to the adequacy of internal financial controls over financial reporting of the Group and the operating effectiveness of such controls, refer to our separate report in "Annexure B".
 - g. With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group, and its associate – Refer Note XX to the consolidated financial statements.
 - ii. The Group and its associate did not have any material foreseeable losses on long-term contracts including derivative contracts.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Group.
2. As required by The Companies (Amendment) Act, 2017, in our opinion, according to information, explanations given to us, the remuneration paid by the Group to its directors is within the limits laid prescribed under Section 197 of the Act and the rules thereunder.

ANNEXURE A

TO THE INDEPENDENT AUDITORS' REPORT ON EVEN DATE ON THE CONSOLIDATED FINANCIAL STATEMENTS OF KITEX GARMENTS LIMITED

Auditors' Responsibilities for the Audit of the Consolidated Financial Statements

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and its associate to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group and its associate to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group and its associate to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entity included in the consolidated financial statements, which have been audited by another auditor, such other auditor remains responsible for the direction, supervision and performance of the audit carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

ANNEXURE B

TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE CONSOLIDATED FINANCIAL STATEMENTS OF KITEX GARMENTS LIMITED

[Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' in the Independent Auditors' Report of even date to the Members of Kitex Garments Limited on the consolidated Financial Statements for the year ended March 31, 2019]

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended March 31, 2019, we have audited the internal financial controls with reference to consolidated financial statements of Kitex Garments Limited (hereinafter referred to as "the Holding Company") and its subsidiary companies, which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding company and its subsidiary companies, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control with reference to consolidated financial statements criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("the ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to consolidated financial statements of the Holding company and its subsidiary companies, which are companies incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the ICAI and the Standards on Auditing prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether internal financial controls with reference to consolidated financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the internal financial controls with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statements included obtaining an understanding of internal financial controls with reference to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors' judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to consolidated financial statements of the Holding company and its subsidiary companies, which are companies incorporated in India.

Meaning of Internal Financial Controls With Reference to Consolidated Financial Statements

A company's internal financial control with reference to consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the consolidated financial statements.

Inherent Limitations of Internal Financial Controls With Reference to Consolidated Financial Statements

Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial control with reference to consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, and to the best of our information and according to the explanations given to us, the Holding Company and its subsidiary companies, which are companies incorporated in India, have, in all material respects, an internal financial controls with reference to consolidated financial statements and such internal financial controls with reference to consolidated financial statements were operating effectively as at March 31, 2019, based on the internal control with reference to consolidated financial statements criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENT

General Information

Kitex Garments Limited is a Public Company incorporated and domiciled in India having its registered office at Kizhakkambalam, Alwaye, Ernakulam- 683562, Kerala, India. Its shares are listed on the Bombay Stock Exchange and the National Stock Exchange. The Company is engaged in the manufacture of fabric and readymade garments. Kitex USA LLC is a corporation registered in Delaware, United States of America with 50% equity participation each from Kitex Garments Limited and Kitex Childrenswear Limited.

1. Significant Accounting Policies

1.1. Basis of Consolidation

The consolidated financial statements incorporate the financial statements of the Company and entities controlled by the Company and its subsidiaries. Control is achieved when the Company:

- has power over the investee;
- is exposed, or has rights, to variable returns from its involvement with the investee; and
- has the ability to use its power to affect its returns.

The Company reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above. When the Company has less than a majority of the voting rights of an investee, it has power over the investee when the voting rights are sufficient to give it the practical ability to direct the relevant activities of the investee unilaterally. The Company considers all relevant facts and circumstances in assessing whether or not the Company's voting rights in an investee are sufficient to give it power, including:

- the size of the Company's holding of voting rights relative to the size and dispersion of holdings of the other vote holders;
- potential voting rights held by the Company, other vote holders or other parties;
- rights arising from other contractual arrangements; and
- any additional facts and circumstances that indicate that the company has, or does not have, the current ability to direct the relevant activities at the time that decisions need to be made, including voting patterns at previous shareholders' meetings.

Consolidation of a subsidiary begins when the Company obtains control over the subsidiary and ceases when the Company loses control of the subsidiary. Specifically, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated statement of profit and loss from the date the Company gains control until the date when the Company ceases to control the subsidiary.

Profit or loss and each component of other comprehensive income are attributed to the owners of the Company and to the non-controlling interests. Total comprehensive income of subsidiaries is attributed to the owners of the Company and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance. When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with the company's accounting policies.

Investments in Associate

An associate is an entity over which the Company has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee but is not control or joint control over those policies.

The considerations made in determining whether significant influence or joint control are similar to those necessary to determine control over the subsidiaries.

The Company's investments in its associate is accounted for using the equity method. Under the equity method, the investment in an associate is initially recognised at cost. The carrying amount of the investment is adjusted to recognise changes in the Company's share of net assets of the associate since the acquisition date.

The statement of profit and loss reflects the Company's share of the results of operations of the associate. Any change in OCI of those investees is presented as part of the Company's OCI. In addition, when there has been a change recognised directly in the equity of the associate, the Company recognises its share of any changes, when applicable, in the statement of changes in equity.

The aggregate of the Company's share of profit or loss of an associate is shown on the face of the statement of profit and loss.

Following associate entity has been considered in the preparation of the consolidated financial statements:

Name of the Entity	: Kitex USA LLC
Relationship	: Associate
% of Holding and voting power	: 50% for the year 2018-19 and 2017-18.

Following wholly owned subsidiaries incorporated during 2018-19 have been considered in the preparation of the consolidated financial statements:

Name of the entity	Relationship	% of Holding and voting power
Kitex Babywear Limited	Subsidiary	100%
Kitex Kidswear Limited	Subsidiary	100%
Kitex Knits Limited	Subsidiary	100%
Kitex Littlewear Limited	Subsidiary	100%
Kitex Packs Limited	Subsidiary	100%
Kitex Socks Limited	Subsidiary	100%

The consolidated financial statements have been prepared using uniform accounting policies for like transactions and other events in similar circumstances and are presented to the extent possible, in the same manner as the Company's separate financial statements.

1.2. Basis of Preparation of Financial Statements

The Consolidated Financial Statements of Kitex Garments Limited (the Company) its subsidiaries and its associate Kitex USA LLC have been prepared in accordance with Ind AS 28 'Investments in Associates and Joint Ventures' under the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Companies Act 2013 and notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended).

Accounting policies were consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

The Consolidated financial statements have been prepared on a historical cost basis on the accrual basis of accounting, except for the following -

- Financial assets and liabilities that is measured at fair value;
- defined benefit plans - plan assets measured at fair value;

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

1.3. Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is classified as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is classified as current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

All other liabilities are classified as non-current. Deferred tax assets and liabilities are classified as non-current assets and liabilities.

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of products and the time between the acquisition of assets for processing and their realization in cash and cash equivalents, the company has ascertained its operating cycle as 12 months for the purpose of current – noncurrent classification of assets and liabilities.

1.4. Use of Estimates

In the preparation of consolidated financial statements, the management makes estimates and assumptions in conformity with the Generally Accepted Accounting Principles in India. Such estimates and assumptions are made on reasonable and prudent basis taking into account all available information. However actual results could differ from these estimates and assumptions and such differences are recognised in the period in which results are ascertained. The estimates and underlying assumptions are reviewed on an ongoing basis.

The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in Note 1.19.

1.5. Property, Plant & Equipment

Property, plant and equipment (except freehold land) are stated at cost of acquisition less accumulated depreciation and impairment if any. Freehold land is carried at historical cost. The company is adopting the cost model for determining gross carrying amount. Cost comprises of purchase price, inward freight, duties, taxes and any attributable cost of bringing the assets to its working condition for its intended use.

When parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components). The cost of replacement spares/ major inspection relating to property, plant and equipment is capitalised only when it is probable that future economic benefits associated with these will flow to the company and the cost of the item can be measured reliably.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed by the management at each financial year and adjusted prospectively, if appropriate.

Capital work in progress comprises of the cost of fixed assets that are not yet ready for their intended use at the reporting date.

Depreciation methods, estimated useful lives

Depreciation on Property, plant and equipment is provided on Straight Line Method at the useful lives based on a review by the management at the year-end as under:

- a) Assets (other than capital spares) - based on useful lives prescribed under Schedule II of the Companies Act, 2013
- b) Capital Spares- based on useful life of each replaced part (2 - 5 years).

Depreciation on addition to property plant and equipment is provided on pro-rata basis from the date of acquisition. Depreciation on sale/deduction from property plant and equipment is provided up to the date preceding the date of sale, deduction as the case may be. Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in Statement of Profit and Loss under 'Other Income'.

1.6. Intangible Assets

Cost of software is capitalised as intangible asset and amortised on a straight-line basis over the economic useful life of three years.

The residual values, useful lives and methods of depreciation of intangible assets are reviewed by the management at each financial year and adjusted prospectively, if appropriate.

1.7. Inventories

Inventories are valued at lower of cost or net realisable value. For this purpose, the cost of bought-out inventories comprises of the purchase cost of the items, net of applicable tax/duty credits and cost of bringing such items into the factory on First-In, First-Out (FIFO) basis. Cost of Inventory comprises Cost of Purchase, Cost of Conversion and other

Costs incurred to bring them to their respective present location and condition. The net realisable value of bought out inventories is taken at their current replacement value. The cost of manufactured inventories comprises of the direct cost of production plus appropriate fixed and variable production overheads.

Difference between the purchase price for normal credit terms and the amount paid for deferred settlement terms, if any, is recognised as an expense.

1.8. Foreign Currency Transactions

(a) Functional and presentation currency

Items included in the financial statements of the entity are measured using the currency of the primary economic environment in which the entity operates ("functional currency"). The financial statements are presented in Indian Rupees ("INR"), which is the functional currency and presentation currency of the Company.

(b) Transactions and balances

Foreign exchange transactions are recorded at the functional currency adopting the exchange rate prevailing on the dates of respective transactions. Monetary assets and liabilities denominated in foreign currencies existing as on the Balance Sheet date are translated at the functional currency exchange rate prevailing as at the Balance Sheet date. The exchange difference arising from the settlement of transactions during the period and effect of translations of assets and liabilities at the Balance Sheet date are recognised in the Statement of Profit and Loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in Other Comprehensive Income or profit and loss are also recognised in Other Comprehensive Income or profit and loss, respectively).

(c) Derivative instruments and hedge accounting

The company uses foreign currency derivative contracts to hedge its risks associated with foreign currency fluctuations relating to certain firm commitments and highly probable forecasted transactions. The company designates these as cash flow hedges applying the recognition and measurement principles set out in Ind AS 109–Financial Instruments.

The use of foreign currency and derivative contracts is governed by the Company's policies approved by the Board of directors which provide written principles on the use of such financial derivatives consistent with the Company's risk management strategy. The company does not use derivative financial instruments for speculative purposes.

Foreign currency derivative instruments are initially measured at fair value and are re-measured at subsequent reporting dates. Any gains or losses arising from changes in the fair value of derivatives are taken directly to profit and loss, except for the effective portion of cash flow hedges, which is recognised in Other Comprehensive Income in the cash flow hedge reserve and later reclassified to profit and loss when the hedge item affects profit and loss.

Hedge accounting is discontinued when the hedge instrument expires or is sold, terminated, or exercised, or no longer qualifies for hedge accounting.

1.9. Leases

Leases in which a significant portion of the risks and rewards of ownership are not transferred to the Company as a lessee are classified as operating leases. Payments made under operating leases (net of any incentives received from the lesser) are charged to Statement of Profit and Loss on a straight-line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

1.10. Borrowing Costs

Borrowing costs that are directly attributable to the acquisition, construction or production of an asset that takes a substantial period of time to get ready for its intended use are added to the cost of those assets, until such time as the

assets are substantially ready for their intended use or sale. Other borrowing costs are recognised as expenditure in the period in which they are incurred.

1.11. Government grants

Government grants are not recognised until there is reasonable assurance that the Company will comply with the conditions attaching to them and that the grants will be received. Government grants shall be recognised in profit and loss on a systematic basis over the periods in which the entity recognises as expenses the related costs for which the grants are intended to compensate.

Government grants related to depreciable assets are presented in the balance sheet by setting up the grant as deferred income and are recognised in profit and loss over the periods and in the proportions in which depreciation expense on those assets is recognised and are presented under Other Income.

A government grant that becomes receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the entity with no future related costs are recognised in profit and loss of the period in which it becomes receivable and are presented under Other Income/ deducted from the related heads of expenditure.

1.12. Financial Instruments

(a) Financial asset

(i). Initial recognition and measurement

At initial recognition, financial asset is measured at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

(ii). Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in following categories:

- a) at amortized cost; or
- b) at fair value through other comprehensive income; or at fair value through profit or loss.

Amortized cost: Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortized cost. Interest income from these financial assets is included in finance income using the effective interest rate method (EIR).

Fair value through other comprehensive income (FVOCI): Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through other comprehensive income (FVOCI). Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognized in Statement of Profit and Loss. When the financial asset is derecognized, the cumulative gain or loss previously recognized in OCI is reclassified from equity to Statement of Profit and Loss and recognized in other gains/ (losses). Interest income from these financial assets is included in other income using the effective interest rate method.

Fair value through profit or loss (FVTPL): Assets that do not meet the criteria for amortized cost or FVOCI are measured at fair value through profit or loss. Interest income from these financial assets is included in other income.

(iii). Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

(b) Financial liabilities

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit and loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the Effective interest rate method. Gains and losses are recognised in profit and loss when the liabilities are de-recognised as well as through the amortisation of effective interest.

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires.

1.13. Revenue Recognition

The Company derives revenues primarily from sale of manufactured fabric and readymade garments.

Effective 01 April 2018, the Company has adopted Indian Accounting Standard 115 (Ind AS 115) 'Revenue from contracts with customers' using the cumulative catch-up transition method, applied to contracts that were not completed as on the transition date i.e. 01 April 2018. Accordingly, the comparative amounts of revenue and the corresponding contract assets / liabilities have not been retrospectively adjusted. The effect on adoption of Ind-AS 115 was insignificant.

Revenue is recognized on satisfaction of performance obligation upon transfer of control of promised products to customers in an amount that reflects the consideration the Company expects to receive in exchange for those products.

The Company does not expect to have any contracts where the period between the transfer of the promised goods or services to the customer and payment by the customer exceeds one year. As a consequence, it does not adjust any of the transaction prices for the time value of money.

Other operating revenue - Export incentives: Export Incentives under various schemes are accounted in the year of export.

1.14. Taxes

Current tax is determined as the amount of tax payable in respect of taxable income for the year computed in accordance with the provisions of the Income Tax Act, 1961. Taxable income differs from 'profit before tax' as reported in the Statement of Profit and Loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered. Any such reduction shall be reversed to the extent that it becomes probable that sufficient taxable profit will be available.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Current and deferred tax are recognised in the Statement of Profit and Loss, except when they relate to items that are recognised in other comprehensive income or items related to equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

1.15. Employee Benefits

(a) Short-term obligations

Liabilities for wages and salaries, including nonmonetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled.

(b) Defined Contribution Plans

The company has defined contribution plans for employees comprising of Provident Fund and Employee's State Insurance. The contributions paid/payable to these plans during the year are recognised as employee benefit expense in the Statement of Profit and Loss for the year.

(c) Defined Benefit Plans: Gratuity

The net present value of the obligation for gratuity benefits are determined by independent actuarial valuation, conducted annually using the projected unit credit method.

The retirement benefit obligations recognised in the Balance Sheet represents the present value of the defined benefit obligations reduced by the fair value of plan assets. All expenses represented by current service cost, past service cost, if any, and net interest on the defined benefits are recognised immediately in Statement of Profit and Loss as past service cost, if any, and net interest on the defined benefit liability/(asset) are recognised in the Statement of Profit and Loss.

Remeasurements of the net defined benefit liability/(asset) comprising actuarial gains and losses and the return on the plan assets (excluding amounts included in net interest), are recognised in Other Comprehensive Income. Such remeasurements are not reclassified to the Statement of Profit and Loss in the subsequent periods.

(d) Long Term Employee Benefits: Compensated absences

The company has a scheme for compensated absences for employees, the liability of which is determined based on an independent actuarial valuation carried out at the end of the year, using the projected unit credit method. Actuarial gains and losses are recognised in full in the Statement of Profit and Loss for the period in which they occur.

1.16. Segment Reporting

Operating Segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker (CODM) of the Company. The CODM is responsible for allocating resources and assessing performance of the operating segments of the Company.

1.17. Earnings per share

Basic/diluted earnings per share is calculated by dividing the net profit and loss for the year attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares/diluted potential equity shares outstanding as at the end of the year, as the case may be.

1.18. Impairment of Non-financial Assets

The Company assesses at each year end whether there is any objective evidence that a non-financial asset or a group of non-financial assets is impaired. An asset or a cash generating unit is treated as impaired, when the carrying value of assets exceeds its recoverable amount. The recoverable amount of an asset or a cash-generating unit is the higher of its fair value less costs of disposal and its value in use. Based on such assessment, impairment loss if any is recognised in the Statement of Profit and Loss for the period in which the asset is identified as impaired.

1.19. Rounding off amounts

All amounts disclosed in financial statements and notes have been rounded off to the nearest thousands as per requirement of Schedule III of the Act, unless otherwise stated.

1.20. Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks, cash on hand and short-term deposits net of bank overdraft with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

1.21. Provisions and contingent liabilities

Provisions are recognised when the company has a present obligation (legal or constructive) because of a past event, for which it is probable that a cash outflow will be required, and a reliable estimate can be made of the amount of the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, it's carrying amount is the present value of those cash flows (when the effect of time value of money is material). These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

When the company expects some or all the provision to be reimbursed, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

Contingent Liabilities are disclosed when the company has a possible obligation, or a present obligation and it is probable that an outflow of resources will not be required to settle the obligation, or the amount of obligation cannot be measured with sufficient reliability.

1.22. Significant accounting judgments estimates and assumptions

The preparation of financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future years.

i. Useful lives of property, plant and equipment and intangible assets:

As described in the significant accounting policies, the Company reviews the estimated useful lives of property, plant and equipment and intangible assets at the end of each reporting period.

ii. Actuarial Valuation:

The determination of Company's liability towards defined benefit obligation to employees is made through independent actuarial valuation including determination of amounts to be recognised in the Statement of Profit and Loss and in other comprehensive income. Such valuation depends upon assumptions determined after considering inflation, seniority, promotion and other relevant factors such as supply and demand factors in the employment market. Information about such valuation is provided in notes to the financial statements.

iii. Impairment of Assets:

The evaluation of applicability of indicators of impairment of assets requires assessment of several external and internal factors which could result in deterioration of recoverable amount of the assets.

iv. Recoverability of advances/receivables:

Management reviews its receivables for objective evidence of impairment at least quarterly. Significant financial difficulties of the debtor, the probability that the debtor will enter bankruptcy, and default or significant delay in payments are considered objective evidence that a receivable is impaired. In determining this, management makes judgement as to whether there is observable data indicating that there has been a significant change in the payment ability of the debtor, or whether there have been significant changes with adverse effect in the technological, market, economic or legal environment in which the debtor operates in.

Where there is objective evidence of impairment, management makes judgements as to whether an impairment loss should be recorded as an expense. In determining this, management uses estimates based on historical loss experience for assets with similar credit risk characteristics.

1.23. Standards (including amendments) issued but not yet effective

(a) Ind AS 116 – Leases

On March 30, 2019, the Ministry of Corporate Affairs has notified Ind AS 116, Leases. Ind AS 116 will replace the existing leases standard, Ind AS 17, Leases, and related interpretations. The standard sets out the principles for the recognition, measurement, presentation and disclosure of leases for both parties to a contract i.e., the lessee and the lessor. Ind AS 116 introduces a single lessee accounting model and requires the lessee to recognize assets and liabilities for all leases with a term of more than twelve months, unless the underlying asset is of low value. Currently, operating lease expenses are charged to the Statement of Profit and Loss. The standard also contains enhanced disclosure requirements for lessees. Ind AS 116 substantially carries forward the lessor accounting requirements in Ind AS 17. The effective date for the adoption of Ind AS 116 is annual periods beginning on or after April 1, 2019.

The company will adopt Ind AS 116 effective annual reporting period beginning April 1, 2019. The company will apply the standard to its leases, retrospectively, with the cumulative effect of initially applying the standard, recognised on the date of initial application (April 1, 2019). Accordingly, the company will not restate comparative information, instead, the cumulative effect of initially applying this Standard will be recognised as an adjustment to the opening balance of retained earnings as on April 1, 2019. On that date, the company will recognise a lease liability measured at the present value of the remaining lease payments. The right-of-use asset is recognised at its carrying amount as if the Standard had been applied since the commencement date but discounted using the lessee's incremental borrowing rate as at April 1, 2019. In accordance with the standard, the company will elect not to apply the requirements of Ind AS 116 to short-term leases and leases for which the underlying asset is of low value. On transition, the company will be using the practical expedient provided by the standard. The company is currently evaluating the effect in the adoption of this standard.

(b) Ind AS 12 - Income taxes (amendments relating to uncertainty over income tax treatments and income tax consequences on dividend distribution)

On March 30, 2019, the Ministry of Corporate Affairs has notified Ind AS 12, Appendix C, Uncertainty over Income Tax Treatments which is to be applied while performing the determination of taxable profit (or loss), tax bases, unused tax losses, unused tax credits and tax rates, when there is uncertainty over income tax treatments under Ind AS 12. According to the appendix, companies need to determine the probability of the relevant tax authority accepting each tax treatment, or group of tax treatments, that the companies have used or plan to use in their income tax filing which has to be considered to compute the most likely amount or the expected value of the tax treatment when determining taxable profit (tax loss), tax bases, unused tax losses, unused tax credits and tax rates.

The amendment relating to income tax consequences of dividend clarify that an entity shall recognise the income tax consequences of dividends in profit or loss, other comprehensive income or equity according to where the entity originally recognised those past transactions or events.

The effective date for adoption of Ind AS 12 amendments are annual periods beginning on or after April 1, 2019. The Company will adopt the standard on April 1, 2019 and has decided to adjust the cumulative effect in equity on the date of initial application i.e. April 1, 2019 without adjusting comparatives. The Company is currently evaluating the effect of this amendment on the financial statements.

(c) Ind AS 19- Plan amendment, curtailment or settlement (Amendment)

On March 30, 2019, the Ministry of Corporate Affairs issued amendments to Ind AS 19, Employee Benefits, in connection with accounting for plan amendments, curtailments and settlements. The amendments clarify that if a plan amendment, curtailment or settlement occurs, it is mandatory that the current service cost and the net interest for the period after the re-measurement are determined using the assumptions used for the re-measurement. In addition, amendments have been included to clarify the effect of a plan amendment, curtailment or settlement on the requirements regarding the asset ceiling. The company does not expect this amendment to have any significant impact on its financial statement.

(d) Ind AS 23 – Borrowing Costs (Amendment)

On March 30, 2019, the Ministry of Corporate Affairs issued amendments to Ind AS 23, Borrowing Costs. The amendments clarify that if any specific borrowing remains outstanding after the related asset is ready for its intended use or sale, that borrowing becomes part of the funds that an entity borrows generally when calculating the capitalisation rate on general borrowings. The company does not have any impact from this amendment.

2.34 Fair Value Measurement

Fair value of the financial instruments is classified in various fair value hierarchies based on the following three levels:

Level 1: Quoted prices (unadjusted) in active market for identical assets or liabilities.

Level 2: Inputs other than quoted price included within level 1 that are observable for the asset or liability, either directly.

Level 3: Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

The fair value of trade receivables, trade payables and other Current financial assets and liabilities is considered to be equal to the carrying amounts of these items due to their short-term nature.

There were no transfers between Level 1 and Level 2 during the year.

Fair value hierarchy of financial instruments measured at fair value on a recurring basis is as follows:

2.35 Financial Risk Management - Objectives and Policies

The Company has a well- managed risk management framework, anchored to policies and procedures and internal financial controls aimed at ensuring early identification, evaluation and management of key financial risks (such as liquidity risk, market risk, credit risk and foreign currency risk) that may arise as a consequence of its business operations as well as its investing and financing activities.

Accordingly, the Company's risk management framework has the objective of ensuring that such risks are managed within acceptable risk parameters in a disciplined and consistent manner and in compliance with applicable regulation.

1) Liquidity Risk

Liquidity risk is the risk that the Company will encounter due to difficulty in raising funds to meet commitments associated with financial instruments that are settled by delivering cash or another financial asset. Liquidity risk may result from an inability to sell a financial asset quickly at close to its fair value.

The company has sound financial strength represented by its aggregate current assets as against aggregate current liabilities and its strong equity base and low working capital debt. In such circumstances, liquidity risk does not exist.

The table below summarises the maturity profile of the Company's financial liabilities based on contractual undiscounted payments.

(Rupees in Lakhs)

Maturities of financial liabilities As at 31 March 2019	Less than 1 year	1 year to 5 years	More than 5 years	Total
Borrowings	8,668.30			8,668.30
Trade payable	4,210.59			4,210.59
Other financial liabilities	747.30			747.30
Maturities of financial liabilities As at 31 March 2018	Less than 1 year	1 year to 5 years	More than 5 years	Total
Borrowings	29.22	62.58		91.80
Trade payable	4,252.28			4,252.28
Other financial liabilities	1,101.13			1,101.13

2) Market Risk

As the Company is virtually debt-free and its deferred payment liabilities do not carry interest, the exposure to interest rate risk from the perspective of Financial Liabilities is negligible.

a) Foreign Currency Risk

The Company undertakes transactions denominated in foreign currency (mainly US Dollar) which are subject to the risk of exchange rate fluctuations. Financial assets and liabilities denominated in foreign currency, are also subject to reinstatement risks.

The Company uses forward exchange contracts to hedge its exposures in foreign currency arising from firm commitments and highly probable forecast transactions. The carrying amount of foreign currency denominated financial assets and liabilities including derivative contracts, are detailed in Note No.2.37

The Company has established risk management policies to hedge the volatility arising from exchange rate fluctuations in respect of firm commitments and highly probable forecast transactions, through foreign exchange forward contracts. The proportion of forecast transactions that are to be hedged is decided based on the size of the forecast transaction and market conditions. As the counterparty for such transactions are highly rated banks, the risk of their non-performance is considered to be insignificant.

The following table details the Company's sensitivity to a 1% increase and decrease in the rupee against the relevant foreign currencies net of forward contracts. The sensitivity analysis includes only outstanding foreign currency denominated monetary items and adjusts their translation at the year-end for a 1% change in foreign currency rates, with all other variables held constant.

INR/CHF (Net Payable)	0.12	1.09

b) Interest Rate Risk

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of the Loans and Borrowings effected. With all other variables held constant, the company's profit before tax is affected through the impact on floating rate borrowings as follows :

(Rupees in Lakhs)

Particulars	As at March 31, 2019	As at March 31, 2018

Sensitivity		
50 BPS increase in rate	25.91	35.21
50 BPS decrease in rate	(25.91)	(35.21)

3) Credit Risk

Credit risk refers to risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. Management considers that the demographics of the Company's customer base, including the default risk of the industry and country in which customers operate, has less of an influence on credit risk. The Company is not exposed to concentration of credit risk to any one single customer since the products are sold to customers who are spread over a vast spectrum and hence, the concentration of risk with respect to trade receivables is low. Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the credit worthiness of the customers to which the Company grants credit terms in the normal course of the business.

2.36 Capital Management

For the purpose of the Company's capital management, capital includes issued capital and all other equity reserves attributable to the equity shareholders of the Company. The primary objective of the Company when managing capital is to safeguard its ability to continue as a going concern and to maintain an optimal capital structure so as to maximize shareholder value.

The Company's financial strategy aims to support its strategic priorities and provide adequate capital to its businesses for growth and creation of sustainable stakeholder value. The Company funds its operations through internal accruals. The Company aims at maintaining a strong capital base largely towards supporting the future growth of its businesses as a going concern.

As at 31st March, 2019, the Company has only one class of equity shares and is virtually debt-free. The company is not subject to any externally imposed capital requirements.
