# Moody's affirms India's rating at 'Baa3', maintains stable outlook

**KEY DRIVERS.** It cites the country's robust economic growth, sound external position

**Shishir Sinha**  
New Delhi

Moody's Ratings on Monday affirmed India's sovereign rating at 'Baa3' with stable outlook. This is the last investment grade rating by the agency which helps investors take a decision and also impacts borrowing from overseas.

Earlier, S&P Global, Morningstar DBRS and Japanese credit ratings agency R&I had upgraded India's rating to 'BBB' from 'BBB-'. "The rating affirmation and stable outlook reflect our view that India's prevailing credit strengths, including its large, fast-growing economy, sound external position and stable domestic financing base for ongoing fiscal deficits will be sustained," Moody's said in a statement. Further, these strengths lend resilience to adverse external trends, in particular, as high US tariffs and other international policy measures hinder India's capacity to attract manufacturing investment.

**GROWTH CUSHION**

- Moody's has projected economic growth to be sustained at 6.5% in FY26
- Strong GDP growth and gradual fiscal consolidation will only slowly reduce debt burden

"India's credit strength is balanced by long-standing weaknesses on the fiscal side which will remain," the agency said. It projected economic growth to be sustained at 6.5 per cent in fiscal 2025-26 as the government's continued emphasis on capital expenditure, lower inflation and the consequent easing of monetary policy will support robust domestic consumption and investment.

Further, it said that strong GDP growth and gradual fiscal consolidation will only

lead to a very gradual decline in the government's high debt burden, and will not be sufficient to materially improve weak debt affordability, especially as recent fiscal measures to reinforce private consumption erode the government's revenue base.

"India's credit profile benefits from its strong growth potential, underpinned by a large domestic market and favourable demographics that have historically supported resilient, demand-driven expansion and helped

insulate the economy from external shocks," it said.

**CONSUMPTION BOOST**

Talking about measures to boost consumption, the agency noted increased income tax thresholds in this year's Budget that have eliminated direct tax liabilities for many lower to middle-income households, as well as announced the consolidation of GST (consumption tax) rates in September. "These developments have narrowed the tax base and will result in foregone revenue, thus curtailing potential improvements in debt affordability," it said.

Giving rationale for stable outlook, the agency said that it incorporates India's gradually improving fiscal metrics and resilient growth prospects compared with peers. However, "fiscal accommodation in the context of the uncertain global macroeconomic outlook, including revenue-eroding measures, could impede progress towards debt reduction and exacerbate already weak debt affordability," it cautioned.

# 'GST rationalisation, I-T rate cuts will boost consumption'

The recent GST rationalisation, along with the earlier change in income tax rates, will significantly improve consumption and spending in the country, according to Vijay Sankar, Chairman, The Sanmar Group & Vice-President, FICCI.

Sankar was speaking at the 79th annual session of the Hindustan Chamber of Commerce (HCC) here on Monday.

**R&D INVESTMENT**

Sankar added that India's growth depends on its continued investment in R&D. "While China spends nearly \$400 billion on R&D, India's R&D spending is only about \$20 billion. While the ₹1 lakh crore Research Development and Innovation (RDI) Fund announced in the Budget this year is a welcome boost, more such proactive policies and initiatives from the government are critical," he said.

"While our competitors are struggling with an ageing population and lack of skilled labour, India's large market and effective

policies, such as the GST rate cuts, will enable us to grow and thrive," he said.

The session also saw the presence of TRB Rajaa, Minister for Industries, Government of Tamil Nadu, who emphasised the importance of policy makers and industry leaders in the growth of Tamil Nadu.

"Tamil Nadu's growth has always been driven by the effective interplay between industry leaders and policy makers. Our focus on inclusive and distributive growth has pushed us far and beyond other States in the country," he added.

Rajaa also emphasised the importance of Chambers like HCC in the State for collaborative interaction between industry and government.

The event saw Ramesh Dugar, Chairman & Managing Director, Dugar Finance & Investments, elected as the 80th President of the Hindustan Chamber of Commerce for the year 2025-26 at the annual general meeting.

The event also saw the unveiling of HCC's digital portal. The portal is expected to foster scalable, inclusive and cost-effective growth of businesses in India.

# IndiGo prepares for Airbus A321XLR induction

**Aneesh Phadnis**  
Mumbai

IndiGo is training its crew and engineers ahead of the planned induction of Airbus A321XLR aircraft in December. IndiGo will receive one A321XLR in FY 2026 and use it to launch services to Athens in Greece in January.

While there is commonality with other Airbus A320 family aircraft, the XLR, which has the longest range among single aisle planes, has certain different design features. This includes an extra rear central fuel tank with 12.9 tonne capacity, giving the aircraft a range of 4,700 nautical miles. Other changes include reinforced landing gear and high capacity water and waste system.

According to sources, IndiGo's engineers are undergoing training to familiarise themselves with the aircraft. Crew training will also cover cabin product and service.

IndiGo has not announced seat configuration but as per social media posts, the aircraft will have 195 seats (12 business and 183 economy).

Airbus said it is working closely with IndiGo to ensure successful entry into service of the A321XLR aircraft. "The collaborative effort addresses all critical areas, including engineering,

maintenance, flight operations, crew training and deployment of advanced digital solutions," Airbus said in a statement.

**IN EXPANSION MODE**

"The aircraft will enable IndiGo to further expand its international footprint while bringing in enhanced range, connectivity and efficiency to its network," it added.

IndiGo will have to obtain Directorate General of Civil Aviation approval as the A321XLR is being introduced in India for the first time. The process involves an elaborate documentation process.

Airbus, too, provides airlines with "instructions for continued airworthiness" that includes details on mandatory and recommended overhaul periods, list of tools and maintenance procedures for the new aircraft type. So far Airbus has delivered 13 A321XLR planes to customers globally and has a pending order book of 490 aircraft. Spain's Iberia was the first carrier to induct the variant last November. Other customers include Aer Lingus (Ireland) and Qantas (Australia).

The aircraft is being deployed on routes such as London-Jeddah (Wizz Air) and Madrid to Boston/Washington DC (Iberia).

**NOTICE TO SHAREHOLDERS**  
Transfer of unclaimed dividend amount(s) and/or underlying shares of the Company to Investor Education and Protection Fund (IEPF) Authority  
Notice is hereby given to the shareholders of Amara Raja Energy & Mobility Limited (Formerly known as Amara Raja Batteries Limited) ("the Company"), pursuant to the provisions of Section 124(6) of the Companies Act, 2013 ("the Act") read with Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016 (as amended) as under:  
The Act and Rules, amongst other matters, contain provisions for the transfer of all shares in respect of which dividend has remained unpaid or unclaimed by the shareholders for a period of seven (7) consecutive years or more to the demat account of IEPF AUTHORITY (IEPFA).  
In this regard, this is to bring to your kind attention that the shares of the shareholders whose dividends are lying unclaimed/unpaid for seven (7) consecutive years from the date of payment of Interim dividend for 2018-19 are due to transfer to IEPF on December 15, 2025.  
The Company is in process of sending individual notices to the concerned shareholders whose dividends are lying unpaid or unclaimed for the financial year 2018-19 that their underlying shares are also liable to be transferred to IEPFA, advising them to claim the dividends on or before December 1, 2025.  
A list containing the details of such shareholders i.e., Name, Folio No., DP ID and Client ID and no. of shares due for transfer to the IEPFA is also available on the website of the Company i.e., [www.amararajaendm.com](http://www.amararajaendm.com) for information and necessary action by the Shareholders.  
The shareholders who have not claimed their dividend from the financial year 2018-19 onwards are requested to immediately claim by written application to Cameo Corporate Services Limited (RTA), along with the following documents at the earliest, so as to reach them on or before December 1, 2025.  
• Letter duly filled in and signed by the shareholder  
• Self-attested copy of PAN Card and Address proof  
• Original cancelled cheque  
• Client master report (in case of shares held in demat mode)  
In the event, a valid claim is not received on or before December 01, 2025, the Company will proceed to transfer the unclaimed/unpaid Equity Shares to IEPFA without any further notice as detailed below:  
In case you hold shares in physical form: Shares will be transferred to IEPFA after following the prescribed process and the original share certificate(s) which now stand registered in your names and held by you, will stand automatically cancelled.  
In case you hold shares in electronic form: Your Demat account will be debited for the shares liable for transfer to the IEPFA.  
Please note that upon transfer, the concerned shareholder can claim both, the unclaimed dividend amount and the shares from the IEPFA by making an application in the prescribed web Form IEPF-5 available on the website <https://www.mca.gov.in/content/mca/global/en/mca/iepf-related-services.html> and sending the physical copy of the same, duly signed (as per the specimen signature recorded with the Company), along with the requisite documents enumerated in the web Form IEPF-5 to the Nodal Officer at its Corporate Office address of the Company. No claim shall lie against the company in respect of unclaimed dividend and equity shares transferred to IEPFA.
